## VON ELM WILL DEFEND TITLE

Martin, Cornes, Smith and Bullock-Webster Enter

Mrs. Collison Wins Medal in Lakeside Affair

Lowe Takes Over Lakeside Job Next Friday

BY BILL WISE

George Von Elm, national amateur champion, will have the moral support of four local golfers when he starts qualifying in defense of his crown over the Minikahda (Minneapolis) club Monday, August 22, next.

Capt. A. Bullock-Webster of the Hollywood club, David Martin, Rio Hondo; Dick Smith, California; and George Cornes, Lakeside, have already forwarded their entries for the next national classic, and will be included in what promises to be the most distinguished amateur field in national history.

Bullock-Webster, former state and national champion, and David Martin, present Southern California amateur title, will carry representative titles into the affair, while Cornes and Smith will bank a wealth of championship experience against the amateur field.

Martin, the youngest West Coast entrant, is likewise the most promising. The twenty-year-old, son of Ernest Martin of Spalding, rightfully inherits a world of golfing knowledge. Cornes is one of the most improved golfers in the West and is working hard with a game that should carry him well up in the amateur. Bullock-Webster is a well-seasoned veteran, capable of championship golf at all times, and Dick Smith has enjoyed a high level of success in his efforts to win a national title.

Championship challenges are going to need lots of stamina this year. Qualifying will be thirty-six holes, eighteen daily, two thirty-two in the championship. There will be two rounds of match play the day following with third, semifinal and final rounds, thirty-six holes. Entries must be in by July 30, next.

## MRS. COLLISON IS LAKESIDE MEDALIST

Mrs. L. G. Collison, one of the most promising of the many junior Lakeside medallists, secured a 30 victory to win low gross in the qualifying play for the annual club championship. Mrs. R. S. Browne, 33-35, won low net.

Pairings for first-round matches, with qualifying scores, are as follows:

CHAMPIONSHIP PLAYERS  
Mrs. L. G. Collison (30) vs. Mrs. Harry W. Brown (34).  
Mrs. R. S. Browne (33) vs. Mrs. J. R. Brown (35).  
Mrs. H. C. Brown (34) vs. Mrs. R. S. Brown (35).  
Mrs. W. M. W. King (31) vs. Mrs. W. C. Brown (36).  
Mrs. W. C. Brown (36) vs. Mrs. W. C. Brown (36).

## WILLIE LOWE NEW LAKESIDE MENTOR

Willie Lowe, former hard-hitting assistant professional and clubmaker at the Hollywood Country Club, will take over the Lakeside teaching job the first of next month. Lowe is a very fine instructor and a little co-operation and encouragement from club members will do much to round out the youthful instructor as one of the best-playing and teaching professionals in the country. Lakeside needs just the type of men Lowe will be found to be.

## TARRANT AND LINARES COLLECT AT ATASCADERO

Southern California triumphed over the north in a spectacular golf match which climaxed the opening of the new all-green course at Atascadero Sunday.

Jack Tarrant, former Texas champion now with El Camellero Club in Los Angeles, teamed with Dick Linares, Long Beach, professional, to capture the honors, 4-3, from Harold Sampson, northern P.O.A. champion, and Mark Fry, runner-up in the 1927 matches. Fry, who won the course record with a 69, Frank Nunally of Glendora captured the professional tournament with a 70 while Chet Beer, Portland, Or., Curley Freeman, Santa Barbara, Joe Edmonds, San Francisco, and Ernie Martin, Los Angeles, finished in that order. Two teams tied in the professional contest when Jack Tarrant and Tom Hodges equaled the 67 set by Dick Linares, and Grant Priel. The Atascadero course is located midway between Los Angeles and San Francisco on the Coast highway.

## MISS TAYLOR WINS BEVERLY FEATURE

Miss Georgia Taylor, 100-30-75, won the George C. Thomas Jr. trophy in the annual classic for women members of the Los Angeles Country Club, staged yesterday. More than thirty members played in the affair.

Mrs. J. C. Keith and O. J. Johnson, 97-21-70, won first prize in the two-ball mixed foursome tourney for Los Angeles club members, Sunday, Mr. and Mrs. Phil Wiseman, 95-18-77, were second, and Mr. and Mrs. C. R. Moore, 86-8-78, third. E. R. Young finished 1 down to win the regular weekly sweepstakes play in Class A. Mark Keiser, 3 up, lead the Class B field.

## LOCAL INVADERS RETURN HOME

Wee Willie Hunter, Charles Guest and Ed Dwyer, local entrants in the last national open, returned to their homes in this city last week. All told, the last of the summer classic (Pittsburgh) golf course had exceptionally easy, all stated.

## OAKMONT EVENT TO DRAW STARS

The annual Oakmont invitational, opening two weeks from today, will draw many of the best players in Southern California. The re-ramped course is in very fine shape and the competition, best ball, two-man teams, should be very good. Teams will qualify, best ball, either two weeks from today, or Wednesday, the day following. Flights for sixty-four teams will be paired in the match play. The novel form of competition should meet with a great response from the local fraternity. Entries will be accepted and starting times served by phoning the Oakmont Club, Glendale 128.

## MUTT DOGS TRAINING FOR SHOW

Owners Prepping Their Pets for Ascot Event July 9

Professional athletes training for a championship never received more attention from their cohorts than most dogs are getting from their owners, who have fixed their eyes on the \$500 cash that is to be awarded the best mutt in the first annual mutt-dog show scheduled for Ascot Speedway, July 9, according to dozens of youthful trainers who are preparing many hundreds of their canine pals for their first public appearance.

Inquiries are almost continual at the headquarters of the show at Ascot from youngsters who want to know all the requirements for entry and conditions surrounding the event.

All of them are informed that the only condition is that the entry is of nonpedigreed stock and that every dog has an equal chance to catch the eye of the judges. The capital prize of \$500 will go to the best mutt of the show or the dog which typifies most clearly the mutt owned by the average American boy or girl. In addition to the capital prize there will be several hundred other prizes of cash and merchandise awarded the best dogs in the various classes, judged by weight and long or short-haired canines.

Official of the show at Ascot will be open every day including Sunday and officials are again urging everyone to get his entry in as early as possible in order to relieve the congestion of work that is certain to prevail if the entries are delayed until the last day. Entry blanks and information are available by calling Angelus 8753.

HEINIE GROH is Due to Go Up Once More

SYRACUSE (N. Y.) June 27. (AP)—Heinie Groh, for many years a familiar figure in the National League with his bottle bat as a member of the Cincinnati and New York teams, is going back up this time with the Boston Braves, it was announced here today by general manager of the Rochester International League club, playing a series with the Syracuse Stars.

Groh goes to the Braves in a deal which brings the veteran George Mogridge, former American League pitching star, to Rochester as manager.

BOSS DECLARES "IT AIN'T SO!"

ROCHESTER (N. Y.) June 27. (AP)—Walter E. Haggard, business manager of the Rochester baseball club, denied tonight that "Heinie" Groh, long-time baseman and captain of the local club, was to be sent to the Boston Braves as part of a trade that would secure George Mogridge, southpaw pitcher, who, it is hoped, will come here as manager.

"Our deal with the Boston Braves for Mogridge, whereby he may come here to manage the club has not been closed," Haggard said tonight. "There has been no deal with the Boston Braves for Groh."

WRESTLING PLANNED FOR PASADENA FANS

Wrestling is to be added to boxing as Pasadena arena attractions, according to Manager Morris Cohen. But the two will be kept entirely separate. Cohen will secure his wrestling promotion license and will put on his first mat show Monday night, July 11.

Meanwhile, he has booked for this Thursday night one of the greatest ring battles ever staged for Pasadena, a rematch between Hank Gatten and Rudy Steiner, middleweights. Gatten won a close decision the last time at the arena, but not until then had been eight knockdowns, a few of himself. Previous Steiner had knocked Gatten out at San Bernardino. Other bouts on the Thursday night card are: Six rounds, Battling Evans vs. Sally Larry, middleweights; four rounds, Billy Red Wells vs. Buck Cook, 180 pounds; Herbie Slack vs. Charley McClintock, 140 pounds; Benny Rodriguez vs. Gene Pasarus, 113 pounds.

JAP MAIDEN OFFERS HAND IF SUITOR WINS

SAN FRANCISCO, June 27. (AP)—Tatsuyoshi Miki, a member of the Japanese tennis team, arrived here today from Japan en route to New York determined to win the reward of victory in the Davis Cup tournament—the hand of one of the richest heiresses in Japan. Miki declared that if Japan wins the coveted Davis Cup, the heiress to the millions of the Adaka Company, an Osaka industrial concern, promised to marry him; but if he loses perhaps there will be no wedding.

## EMANUEL TRAINING FOR BOUT

Jewish Boy Working for Legion Go With Tony Fuentes

Armand Emanuel is training every afternoon at the Manhattan gymnasium where hundreds of fight fans are looking over the big Jewish boy in hopes that they can come to some conclusion as to the possible outcome of the Emanuel-Tony Fuentes fight at the Hollywood American Legion Stadium Friday night.

There are any number of fight fans who think that Fuentes will stay the limit with the San Francisco heavyweight, Emanuel hasn't yet developed a great punch but heavyweight with any class as beginners don't find their punch until they get along in the game for four or five years. Jack Sharkey showed more class and a better rock against Jimmy Maloney than he did against any other fighter with class. It took Jack Dempsey a long time to develop a knockout punch and it came about a year before Dempsey beat Jess Willard to a pulp at Toledo and won the title.

Fighters of the older days like Emanuel. One in particular is Spider Kelly, who had Pat Lester. Kelly thinks that Emanuel is a much better prospect than Lester ever thought of being. He is smart and very fast and clever for a heavyweight. Lester lacked everything that Emanuel possesses.

Just to make the evening an entertaining one, another two-round fight is on the Hollywood card. Herman Auerbach is fighting Lefty Cooper. Auerbach is big and strong but has considerable to learn about fighting. He gets wild when his opponent is peppering him and a smart caddy fighter like Cooper may do some damage to Herman.

Jackie Carr gets the call over Jimmy Fox. Jackie was beating Jimmy to the decision when he was disqualified for fouling. He is picked to repeat this week.

PIRATES Known as Fast Set

CUYLER GRANTHAM, TRAYNOR, LAYNE AND MAURICE ARCHDEACON ARE THE FASTEST BASE PLAYERS EVER PLAYED

BY AL DENAREH  
(Former Pitcher New York Giants)  
Manager Donnie Bush of the Pittsburgh Pirates said the other day that in Cuyler, Grantham, Traynor, Layne and the two Waners brothers he has the fastest men in baseball history.

Whether this estimate of speed merchants is the equal or superior of Larry Doyle, Jack Devore, Fred Merkle, Fred Snodgrass, Jack Murray and Buck Herzog of the champion New York Giants of 1911-13, who stole more bases than all the other seven clubs in the league put together, is a debatable question.

But the statement by Bush that Herman Layne, his utility outfielder, is faster than Maurice Archdeacon is something else.

There never has been a ball player as fast as Archdeacon. He was a constant threat at the plate on any ball hit on the ground. His record of 13.44 for circling the bases is equal to running 100 yards in 10 or less seconds, starting the ground lost in rounding the bases. Next to Archdeacon, Honus Lobert was the fastest ball player I ever saw.

Run away from Jim Thorpe in a 100-yard dash in 1913, when Thorpe was good, at the Polo Grounds in New York. It cost McGraw \$100,000 he had bet with George Willis, who took the Lobert end.

(Copyright, 1927, "Pittsburgh" Syndicate)

REFeree AND BOXER SUSPENDED FOR FOUL

BALTIMORE (Md.) June 27. (AP)—Nate Carp, Baltimore bantam, and Charley Baum, referee, tonight were suspended for thirty days by the Maryland Boxing Commission after Frisco Grande, Carp's Filipino opponent, was counted out in the fourth round of a scheduled twelve-round bout.

Members of the commission declared the knockout blow to be foul and that Baum did not recognize it.

WILLIS AND SMITH SHARE SWIM HONORS

SAN FRANCISCO, June 27. (AP)—Leonard Willis, swimming for the Alumni Club of San Jose, and Lester Smith of the Olympic Club, shared the Pacific association championship honors last night at the Warren Club aquatic carnival, and Warren Woods, another Olympic Club swimmer, won the novice crown.

Willis won the 220-yard breast stroke swim, with Bill Cundall of the Athens Club, Oakland, in second place. Time, 3:18 4-5. Smith won the 500-yard free-style championship, with Clyde Goldwater of the Athens Club, second. Time, 6:17.

CARPENTER STOPS BROWN

COLUMBUS (O.) June 27. (AP)—Johnny Carpenter, Columbus, knocked out Eddie Brown, Cleveland, in the second round of a scheduled twelve-round bout here tonight. They are featherweights.

## CALLAHAN TO FIGHT BAKER

CHICAGO, June 27. (AP)—Serg. Sammy Baker of New York was signed today to meet "Mushy" Callahan, junior welterweight champion, for ten rounds here the night of July 13.

WESTERN NET PLAYERS WIN

(Continued from First Page)

round bye, advanced to the fourth round as a result of two victories. Three of the six were Californians.

Cranston Holman, Stanford University, runner-up to Edward Chandler, University of California, last year and seeded No. 1, entered the fourth round by defeating the second-seeded, Stanford, Van Hart of Swarthmore College, had defeated the Cardinal in the second round. Holman encountered R. H. Whitlock of Harvard, in a third-round tussle and won with the loss of four games, 6-1, 6-3.

Normal Craig, Occidental College, Los Angeles, was another Californian to gain his fourth-round bracket, while Alan Goddard, of Stanford, entered the fourth round by two clean-cut victories.

GORCHAKOFF COPS

Benjamin Gorchakoff, also of Occidental College, and one of the favorites, advanced to the third round after two victories in which he yielded only two games. He was joined later in the third round by Wilmer Allison, University of Texas, who is seeded No. 2. Allison vanquished R. S. Lingleback, United States, Pennsylvania, 6-2, 6-4, in the first round match and in the second round he triumphed over Benjamin Pastel, George Washington University, 6-2, 6-4.

John Van Ryn, Princeton, seeded No. 3, also entered the third round following two easily earned victories as did J. F. W. Whitbeck, Harvard, who is seeded No. 6.

In the second round match Whitbeck defeated John Barr of Southern Methodist University, Texas, 6-1, 6-3. Barr, of Stanford, doubles partner of Holman, scored two victories to enter the third round.

FRISKY REPORT

Tom Hunt, Occidental College, defeated T. M. Hunt, Williams, 7-5, 6-1, 6-3. Gordon of Harvard, 6-4, 6-2. Edgar Allan, Stanford, 6-2, 6-4. Van Hart, Swarthmore College, defeated Van Hart, Swarthmore College, 6-2, 6-4. Van Hart, Swarthmore College, defeated Van Hart, Swarthmore College, 6-2, 6-4.

SECOND ROUND

Alton Harrington, Lehigh, defeated Thomas Devore, Lehigh, 6-1, 6-3. Harold Traynor, New York, defeated Walter Baum, Pennsylvania, 6-4, 6-2. John Miller, Pennsylvania, 6-2, 6-4. John Miller, Pennsylvania, 6-2, 6-4. John Miller, Pennsylvania, 6-2, 6-4.

THIRD ROUND

M. W. Grant, Georgia Tech, defeated J. N. Lohr, 6-2, 6-4, 6-2. John Van Ryn, Princeton, defeated M. P. W. Whitbeck, Harvard, 6-2, 6-4. Ben Gorchakoff, Occidental, defeated C. D. Edgar Allan, Stanford, 6-2, 6-4. Ben Gorchakoff, Occidental, defeated C. D. Edgar Allan, Stanford, 6-2, 6-4.

FOURTH ROUND

Harold Traynor, New York, defeated Walter Baum, Pennsylvania, 6-4, 6-2. John Miller, Pennsylvania, 6-2, 6-4. John Miller, Pennsylvania, 6-2, 6-4. John Miller, Pennsylvania, 6-2, 6-4.

FIFTH ROUND

Harold Traynor, New York, defeated Walter Baum, Pennsylvania, 6-4, 6-2. John Miller, Pennsylvania, 6-2, 6-4. John Miller, Pennsylvania, 6-2, 6-4. John Miller, Pennsylvania, 6-2, 6-4.

SIXTH ROUND

Harold Traynor, New York, defeated Walter Baum, Pennsylvania, 6-4, 6-2. John Miller, Pennsylvania, 6-2, 6-4. John Miller, Pennsylvania, 6-2, 6-4. John Miller, Pennsylvania, 6-2, 6-4.

SEVENTH ROUND

Harold Traynor, New York, defeated Walter Baum, Pennsylvania, 6-4, 6-2. John Miller, Pennsylvania, 6-2, 6-4. John Miller, Pennsylvania, 6-2, 6-4. John Miller, Pennsylvania, 6-2, 6-4.

EIGHTH ROUND

Harold Traynor, New York, defeated Walter Baum, Pennsylvania, 6-4, 6-2. John Miller, Pennsylvania, 6-2, 6-4. John Miller, Pennsylvania, 6-2, 6-4. John Miller, Pennsylvania, 6-2, 6-4.

NINTH ROUND

Harold Traynor, New York, defeated Walter Baum, Pennsylvania, 6-4, 6-2. John Miller, Pennsylvania, 6-2, 6-4. John Miller, Pennsylvania, 6-2, 6-4. John Miller, Pennsylvania, 6-2, 6-4.

## PRO STARS WILL OPEN NET CLUB

Snodgrass and Wesbrook to Play at Ambassador Club Opening Thursday

The Ambassador indoor tennis courts open auspiciously Thursday night with one of the finest net programs lined up in months. Under the direction of Harvey Snodgrass and Mark Stoll, one of the most complete tennis plants in the world is now under construction, and Thursday night's program is the premier event of the new courts.

As the feature event of the evening, Harvey Snodgrass and Walter Wesbrook, world's professional doubles champions, will defend their title against all comers. Both Snodgrass and Wesbrook are very well known throughout Southern California, in particular, and, in the opinion of C. C. Fyfe, who handled the barnstorming tennis players some time ago, Snodgrass is the greatest drawing card among net players because of his spectacular style of play.

Fyfe will, for the first time since he turned professional, have the pleasure of seeing Harold Goddard in action. Goddard, who is one of the best in the south, will be paired with Wynn Mace. In the singles, the feature event will be Goddard vs. Snodgrass. Another one that looks like a great match is Mace vs. Wesbrook.

Novel comedy events featuring Carl Sawyer, the funny man of baseball, and Harvey Snodgrass vs. and unknown, are included in the program.

LOWLY RACE Horse Grabs Winner's End

NEW YORK, June 27. (AP)—Winning horses on the country's race tracks today ranged all the way from favorites to a lowly nag which the rail birds had not conceded a ghost of a chance.

Mus Blood, the extreme outsider, confounded the pickers of winners by taking the first race at Homewood, Ill., and paying a fancy price on a \$2 pari-mutuel bet. Morocco and Troja, two other colts, figured to finish with the also rans, were second and third.

In the feature race at Latonia, Ky., and Aqueduct on Long Island, the ponies were running more true to form. Benaldo carried the colors of R. T. Wilson to victory in a close finish at Aqueduct, while R. S. Clark's "Dance" romped away with a four-length win at Latonia. Both horses were held at short odds.

Riding winners in the first three races at Fairmount, Jockey F. Armstrong turned in a first-class exhibition, winning on Char Lady, Grape-stone and even on Swirls, which was given only a chance in twenty-five to take the race.

WITH THE NATIONWIDE REPUTATION OF ROB! BURNS as a guarantee of complete satisfaction, it is only natural that more and more men are taking advantage of the overshadowing value of the Rob! Burns Perfecto Grande . . . FULL Havana filler . . . perfecto-shaped . . . foil-wrapped.

BENNY BASS GRABS VERDICT FROM GLICK

PHILADELPHIA, June 27. (AP)—Benny Bass of Philadelphia, won the decision over Joe Glick, New York, in a fast ten-round bout tonight. Bass scored two knockdowns, both in the fifth round. He weighed 126, Glick, 126 1/2.

Honeyboy Finnegan, Boston, 123, defeated Al Winkler, Philadelphia, 120, in the ten-round semi-wind-up. In other ten-round bouts Billy Petrolle, Fargo, N. D., 123 1-4, beat Mike Galiano, New Orleans, 142, and Andre Routis, France, 123 1-4, and Emory Cabana, Philadelphia, 129 3-4, fought a draw.

PETRONO WINS BOUT FROM CHUCK HELLMAN

NEW YORK, June 27. (AP)—Dominick Petrono of New York easily outpointed Chuck Hellman of Portland, Or., in a ten-round bout at the Drexler Park arena, Brooklyn, tonight. Petrono weighed 120 and Hellman 119 1/2.

A second ten-round decision went to German Wallace, Brooklyn, 125, over Cap Colombo of the Philippines, 124.

BAY STATE BOXING BOARD BARS UZZUDUN

BOSTON, June 27. (AP)—The Massachusetts Boxing Commission today refused to renege Paulino Uzcudun, Basque heavyweight, who has been on the ineligible list in this state for refusing to carry out a contract to meet Ed Kesley of South Boston in April. Because of the Massachusetts ban, the Basque is ineligible in New York also.

## Waner Pounds His Entry Into Century Class

PITTSBURGH (Pa.) June 27. (AP)—By getting two hits in today's game with St. Louis, Paul Waner of the Pittsburgh Pirates, pushed his total hits for the season to an even 100. He was the first player in either league to reach the century mark.

Frankie Frisch of the St. Louis Cardinals and Lou Gehrig of the New York Yankees had collected ninety-nine safe hits after today's games.

Waner's first hit in the century class came in the first inning of today's game, a single to left field. He followed it up in the third inning with a home run to right field.

Waner's second hit in the century class came in the fifth inning of today's game, a single to left field. He followed it up in the seventh inning with a home run to right field.

Waner's third hit in the century class came in the ninth inning of today's game, a single to left field. He followed it up in the eleventh inning with a home run to right field.

Waner's fourth hit in the century class came in the thirteenth inning of today's game, a single to left field. He followed it up in the fifteenth inning with a home run to right field.

Waner's fifth hit in the century class came in the seventeenth inning of today's game, a single to left field. He followed it up in the nineteenth inning with a home run to right field.

Waner's sixth hit in the century class came in the twenty-first inning of today's game, a single to left field. He followed it up in the twenty-third inning with a home run to right field.

Waner's seventh hit in the century class came in the twenty-fifth inning of today's game, a single to left field. He followed it up in the twenty-seventh inning with a home run to right field.

Waner's eighth hit in the century class came in the twenty-ninth inning of today's game, a single to left field. He followed it up in the thirty-first inning with a home run to right field.

Waner's ninth hit in the century class came in the thirty-third inning of today's game, a single to left field. He followed it up in the thirty-fifth inning with a home run to right field.

Waner's tenth hit in the century class came in the thirty-seventh inning of today's game, a single to left field. He followed it up in the thirty-ninth inning with a home run to right field.

Waner's eleventh hit in the century class came in the forty-first inning of today's game, a single to left field. He followed it up in the forty-third inning with a home run to right field.

Waner's twelfth hit in the century class came in the forty-fifth inning of today's game, a single to left field. He followed it up in the forty-seventh inning with a home run to right field.

Waner's thirteenth hit in the century class came in the forty-ninth inning of today's game, a single to left field. He followed it up in the fifty-first inning with a home run to right field.

Waner's fourteenth hit in the century class came in the fifty-third inning of today's game, a single to left field. He followed it up in the fifty-fifth inning with a home run to right field.

Waner's fifteenth hit in the century class came in the fifty-seventh inning of today's game, a single to left field. He followed it up in the fifty-ninth inning with a home run to right field.

Waner's sixteenth hit in the century class came in the sixty-first inning of today's game, a single to left field. He followed it up in the sixty-third inning with a home run to right field.

Waner's seventeenth hit in the century class came in the sixty-fifth inning of today's game, a single to left field. He followed it up in the sixty-seventh inning with a home run to right field.

Waner's eighteenth hit in the century class came in the sixty-ninth inning of today's game, a single to left field. He followed it up in the seventy-first inning with a home run to right field.

Waner's nineteenth hit in the century class came in the seventy-third inning of today's game, a single to left field. He followed it up in the seventy-fifth inning with a home run to right field.

Waner's twentieth hit in the century class came in the seventy-seventh inning of today's game, a single to left field. He followed it up in the seventy-ninth inning with a home run to right field.

Waner's twenty-first hit in the century class came in the eighty-first inning of today's game, a single to left field. He followed it up in the eighty-third inning with a home run to right field.

Waner's twenty-second hit in the century class came in the eighty-fifth inning of today's game, a single to left field. He followed it up in the eighty-seventh inning with a home run to right field.

Waner's twenty-third hit in the century class came in the eighty-ninth inning of today's game, a single to left field. He followed it up in the ninety-first inning with a home run to right field.

# The greatest group of alert, responsive women ever gathered together

POND'S  
whose Cold and  
Vanishing Creams  
are used by Queens  
nobility and Society  
leaders, say:

"Two Pond's advertisements in Pictorial Review in 1926 brought the largest response of any magazine—at the lowest cost per inquiry."

THE POND'S EXTRACT COMPANY

*Q. Baker*

BUILT on the platform that the widened interests of American women were calling for a new type of magazine, Pictorial Review has made its editorial appeal with finer fiction, more liberal articles, more vigorous and original departments.

Its circulation record is testimony to the

rightness of this appeal. Pictorial has attracted to itself the greatest following of alert, responsive women ever gathered together.

Equally impressive is the experience of leading American advertisers. They find in this awakened group of women a more than ordinarily responsive audience for their message.

Sunkist Oranges  
—richest juice  
—finest flavor

## Each Orange Now Trade-marked

for your protection. So always  
specify Sunkist when you buy.

In Los Angeles, as in the East, you'll find the better oranges trade-marked "Sunkist" directly on the fruit and on the wrapper.

Demand this kind. They are rigidly inspected for quality. Always uniformly good wherever they are sold.

Millions use no other brand. Available all the year in Los Angeles and suburban areas. Prices are reasonable.

Ask your dealer for a dozen. Look for the Sun-

kist trade-mark. If it's there, you'll enjoy an orange as good as anyone anywhere can buy.

The better California Oranges are marketed through the California Fruit Growers Exchange, representing 11,000 grower members, world's largest shipper of citrus fruits. The higher grades are labeled "Sunkist" on the wrapper and on the skin. Rigid standards of selection make them uniformly good.

To be sure of getting

## NO REAL ESTATE SLUMP CAUSED BY PROHIBITION

Many Saloon Buildings Depreciate  
but Other Property Values  
Rise With Bars' Passing

[Following is the eighteenth article on the results of prohibition prepared by Prof. Herman Feldman of Dartmouth College for the Christian Science Monitor.]

BY PROF. HERMAN FELDMAN

One of the arguments made against ratification of the Eighteenth Amendment when this issue was fought out in the States, was the tremendous slump in real estate values which would at once follow, creating a serious problem of municipal and State taxation. An executive of the New York Real Estate Board pictured 10,000 idle stores in the metropolis and a loss of \$10,000,000 or more in rentals.

The charge has not been made as poor since the depositors in these are frequently and with such confidence in recent years, but it has cropped up from time to time. Government figures of the value of real estate show a big increase, the assessed valuation of real property in cities of more than 50,000 population in the United States having risen from \$27,000,000,000 in 1915, to \$51,500,000,000 in 1925.

### PERIOD OF ADJUSTMENT

Taking the situation as a whole these last seven years have seen an adjustment of real-estate values to the new situation, which makes it appear that the abolition of the saloons has at the very least had no ill effect on real-estate values as a whole, and perhaps has helped to increase them. A questionnaire which the American City Magazine sent out in co-operation with the writer to the mayors of cities and towns of from 10,000 to 40,000 population, brings testimony from the majority that real-estate values had increased enormously since prohibition; but the most interesting testimony is that showing the striking changes in localities formerly serving as saloon rows.

Mayor Grant Holcomb of San Bernardino, Cal., states that "real-estate values have been directly increased by the abolition of the saloons, this having occurred not only on streets where saloons existed, but also a marked increase in all real-estate values."

Mayor Horace A. Sheldon of Port Jervis, N. Y., asserts that "saloons were a detriment to near-by property. Their abolition has caused an increase in real estate on streets formerly having saloons." And Mayor John C. Tracy of Williamstown, Ct., writing in a similar vein, states: "The abolition of the saloon has had a decided effect on the increase in real-estate values on streets formerly having saloons. These streets are now occupied by legitimate business, creating a much finer appearance to the street."

In the case of saloon property of the better type, located in a strategic point of a residential or commercial district there might have been some loss in real-estate values if business depression had prevailed. But the curbing of building during the war, the boom period in 1919 and the first half of 1920 and the unprecedented prosperity of real-estate during these last few years have put a premium on locations and boosted the value of real estate to a point that frequently made up the loss of saloon patronage.

### COMPETITION FOR SITES

Saloons were often located in outlying sections where no other type of store could profitably exist; and when the saloons disappeared the store, the frame building and the plot of land greatly depreciated in value. As an example, the Minneapolis Brewing Company wrote "we have twenty-five vacant stores on our hands which could be rented for a song if someone wanted them."

The increased value of real estate today in part due to the increased competition for sites for new construction and the financing of this has been supported by the increased volume of money made available by savings banks and insurance companies.

Postal savings are one source of information as to the savings of the

saloon. We have, however, taken the into account, having shown that the significant increase is in the number of depositors, rather than in the added amount saved.

The insurance taken out by the wage earner, known as industrial insurance and collected by the agent at his home in weekly premiums, has increased considerably. The average annual amount in force in the years 1914-1919 was less than \$1,000,000, while that for 1920-1925 was almost \$11,740,000,000.

A questionnaire was sent out to 500 insurance agents by one of the largest insurance companies in the country. More than 400 of the agents stated that it was much easier to write industrial insurance and collect premiums, and 226 explained that the abolition of the saloon was the chief cause or one of the causes mentioning various other reasons also, of course. Their answers included: "The vivid testimony of cases in which the agent had to call promptly at 1 o'clock on Saturday to get the weekly premium before the head of the household had spent his pay in the saloon."

In concluding this discussion of real estate values as affected by the closing of saloons we cannot avoid making a comment while somewhat aside from the main purpose of our series, has some bearing on our present discussion. In the large number of letters, questionnaires and interviews, representing sharply diverse views on many aspects of prohibition, we have many records of people who want repeal of the Eighteenth Amendment and of others who want modification of the Volstead Act, but there is almost universal repudiation of the saloon.

One may feel quite safe in saying that the condemnation of the saloon is so general that people don't care how much it costs to abolish them. Hence in some respects the question of how prohibition affected real estate values is almost an academic one.

## STATE AID ENLISTED BY GRAPE MEN

Agriculture Board Asked  
to Determine Best Ways of  
Picking and Packing

SACRAMENTO, June 27. (AP)—Assistance of the State Department of Agriculture in the marketing of California's grape crop was asked of G. H. Hecke, director, today, by Don Conn, manager of the California Vineyardists' Association.

Conn asked Hecke to designate one of his assistants as a liaison officer between the industry and the association to make a thorough study of the picking, packing and loading of grapes to determine the proper methods of handling the various varieties for the best marketing. The request has been taken under consideration by the agriculture chief. Conn, who last year aided the successful carrying out of the allotment plan for the distribution of railroad cars during the grape-shipping season, has recently joined the vineyardists' association staff. The major part of his efforts in behalf of the association members this year will be directed toward an accurate determination of the market needs as to varieties and quantities in the respective counties, so that the co-operative organization may have a firm foundation to work on in its efforts to dispose of the crop at large returns to the growers.

## WICHITA GETS NEXT GRAIN RATE HEARING

WASHINGTON, June 27. (AP)—Further hearings by the Interstate Commerce Commission in its investigation into western grain rates have been ordered at Wichita, Kan., on July 1. Hearings will be held in Minneapolis, Chicago and on the Pacific Coast on dates to be announced later.

## Statement

by the BOARDS OF DIRECTORS

of

## THE FIRST NATIONAL BANK OF LOS ANGELES PACIFIC-SOUTHWEST TRUST & SAVINGS BANK

WE, the undersigned Directors of The First National Bank of Los Angeles, the Pacific-Southwest Trust & Savings Bank and the First Securities Company, have read and heartily concur in the following statement issued by Henry M. Robinson:

"I have been home ten days. This time has been employed in an endeavor to develop the facts of the relation of the Pacific-Southwest Trust & Savings Bank to Julian Petroleum Corporation affairs.

"I have not been interested in any way directly or indirectly in the pools, outside loans, or bonuses, and have not at any time directly or indirectly bought, sold, or had any interest in the stock of the Julian Petroleum Corporation, or any of the other corporations involved.

"In part at the request of one of our important customers, we began the financing for the combining of certain oil properties including the properties owned by the Julian Petroleum Corporation. These properties were valuable and of greater value when combined than when standing alone.

"Could the project have been carried through, it would have been of benefit to the stockholders of the Julian Petroleum Corporation. This undertaking, in a sense, parallels the efforts of some of our people in connection with the Los Angeles Investment Company, where, when its difficulties climaxed, they took hold and have built out of it a wholesome and prosperous institution. This was the intention of the people in our banks in this instance.

"The only way that I can see now for the stockholders of the Julian Petroleum Corporation to realize anything would be through the final carrying through of a combination and re-financing substantially on the lines of the plan contemplated by the First Securities Company.

"We took as security for the loans advanced the property which we then and now believe was adequate for security purposes.

"The First Securities Company on its part undertook to build a new financing plan for the merger of the properties and were able to obtain partners in the underwriting only with the greatest difficulty because of the unusual reputation of the Julian Petroleum Corporation.

"From the beginning the attitude of our people has been constructive and had it been possible to have completed the plan, it would have been of ultimate great benefit to the community and the Julian stockholders. We have been accused of ulterior motives and of the desire to make a profit out of the situation. This is absolutely false. All of the transactions of our two banks in this whole matter involving loans has been at the going rate of interest, not exceeding 7% and without bonus. In this connection no loans were made by the banks, or the First Securities Company, through any subsidiaries or other agencies.

"If the participation of any of the officers of the Pacific-Southwest Bank in so-called pools is in question, it is their private affair involving their own money and has nothing to do with the bank's resources.

"It is perfectly clear that the whole trouble grows out of the overissue of the Julian Petroleum stock.

"None of our people had any knowledge of such overissue until the final audit disclosed the fact.

"We were then forced to tell our partners in the underwriting and the public of the fact of the overissue. I do not know how the public for a moment can fail to see that the cause of the trouble which is perfectly obvious is the overissue of stock, and nothing else.

"It is equally obvious that we would not have gone forward in making of bank loans, nor in an attempt to finance the California-Eastern Oil Company for the purpose of combining the properties had we thought for a moment that there was any overissue of stock.

HENRY M. ROBINSON,  
President, The First National Bank  
of Los Angeles,  
Chairman of the Board, Pacific-  
Southwest Trust & Savings Bank."

June 27, 1927.  
Los Angeles, California.

In addition we wish to say that the Directors regret exceedingly that certain officers of the Pacific-Southwest Trust & Savings Bank have been indicted by the Grand Jury.

These officers have placed their resignations in the hands of the Board, to take effect at its pleasure.

These officers have been with this bank for many years and have always borne unblemished reputations and have had our complete confidence.

It is a cardinal principle of Americanism that every man is equal before the law and that no one, by virtue of wealth, position or condition, is entitled to any privilege or protection denied to his fellows. If these men are guilty, we join with the community in a demand that they be adequately punished. If they are innocent they should promptly be exonerated. They and all others similarly accused are entitled to ask that the public suspend judgment, as we do, pending the findings of the court.

Political  
With Discussion  
Presidential Candidate

PORTLAND, June 27. (AP)—President Obregon's announcement of his Presidential campaign last year, in which he said "I am not a candidate," were the best of the enemies of the President, has set the entire country in Mexico bustling with speculation.

Obregon is expected to visit the City during the latter part of the week. Special dispatches from a convention of the National Union of Mexican Farmers, held at the city, stated that Obregon's candidacy had been the subject of the 2000 delegates are said to represent the farmers throughout the country.

## OREGON STIRS UP MEXICANS

Political World  
With Discussion of  
Presidential Candidacy

PORTLAND, June 27. (P)—For Oregonians, the announcement of the Presidential candidacy of Mr. Hoover, in which he said "I am not a Mexican," was the headliner of the day. The entire political world was expected to arrive in Portland during the latter part of the week for a convention of the Oregon National Association, which had been in session in the city since June 25. The delegates are expected to arrive in the city during the latter part of the week.

## NOTICIAS MUNDIALES DE ULTIMA HORA

Atendiendo a la importancia que tiene el estudio del español en los Estados Unidos, particularmente en esta gran metrópoli tan inmediata a territorio hispanoamericano, diariamente aparece en "The Times" esta sección especial con algunas interesantes noticias de última hora. Tres veces por semana se insertará una lección práctica elemental de castellano, y los lunes encontrará el lector dos secciones para estudiantes adelantados. A cuantos deseen aumentar sus conocimientos de español les conviene leer esta columna todos los días.

## NOTAS TELEGRAFICAS

El General Obregón Hace Importantes Declaraciones en México

CUADRA DE MEXICO, Junio 27.—En un manifiesto dirigido al pueblo mejicano anuncia el general don Álvaro Obregón que ha sido postulado candidato a la Presidencia de la República Mexicana, para suceder al Presidente Calles en las elecciones del año entrante.

En su larga exposición declara el candidato y ex-presidente de México que la situación política y económica de su patria lo ha obligado, muy contra sus deseos personales, a volver a la arena política. Los artículos principales de su suculenta "plataforma" propugnan la justicia para todo el mundo, así mejicanos como

extranjeros, dentro de las leyes mejicanas textuales; la libertad religiosa para todas las sectas, siempre que éstas se sometan a las leyes reglamentarias de la Constitución Mexicana; la completa soberanía de México como nación, sin más limitaciones para sus derechos legislativos que las impuestas por las leyes internacionales reconocidas por todos los países; la garantía de los derechos individuales y los de la prensa, y la puerta abierta a las inversiones legítimas norteamericanas en México. Respecto a este punto, el general Obregón exceptuó, por razones, ciertas actividades financieras de Wall Street, a las que se debía una campaña de falsedades cuyo fin es provocar crisis en el gobierno mejicano.

Para Agosto Tendremos Servicio Aéreo de Viajeros a Nueva York  
SAN FRANCISCO, Junio 27.—Para el próximo primero de Agosto podrá contar el público con un servicio transcontinental de aeroplanos para viajeros, por el que se recorrerá en menos de treinta horas la distancia que media entre San Francisco y Nueva York. Para esa fecha habrán sido traspasadas por completo a sociedades comerciales las líneas aéreas de correo que trafican entre el Pacífico y el Atlántico.

Los planes para el mencionado servicio han sido anunciados hoy aquí por Mr. O. Harro, vicepresidente de la compañía Boeing Air Transport, Inc., que desde el próximo viernes tomará a su cargo la línea postal aérea de aquí a Chicago. Después de que hayan hecho los pilotos de la compañía sus viajes iniciales entre San Francisco y Chicago, se inaugurará el servicio de viajeros entre dichas ciudades. Un mes después de inaugurado ese servicio, empezará a funcionar uno análogo entre Chicago y Nueva York.

Predice la Expulsión de Trotsky y de Zinovieff

MOSCÚ, Junio 27.—Acusados de discursos antipatrióticos y de violaciones de la disciplina de partido, Leon Trotsky y Gregorio Zinovieff, en un tiempo poderosos en los consejos del partido comunista parvus, se ven hoy amenazados de expulsión definitiva de dicho partido.

El Presidium del Comité de Gobierno Central es el que ha pedido esa expulsión, y como quiera que los acusados hayan sido ya degradados, disciplinados y superados varias veces en estos últimos meses, casi no hay duda de que la totalidad del partido atenderá las recomendaciones del Presidium.

NOTAS LOCALES

La Flota Entrará Hoy en el Puerto de Los Angeles

La mañana de hoy los cañones del buque de guerra norteamericano "Procyon" recibirán al sol naciente con un saludo de diecisiete cañonazos, que serán a la vez expresión de bienvenida al almirante Richard H. Jacobson, quien, a la madrugada, entró en nuestro puerto con la flota de batalla que es a su mando, y que vuelve del sur tras un curso de 18,000 millas en el mar Caribe y en el Atlántico septentrional.

A la vanguardia de la Armada vendrán siete acorazados: el California, buque almirante, con la bandera de cuatro estrellas del almirante Jackson; el buque abanderado de la escuadra, que es el West Virginia, con el ancla propia del vicealmirante Louis B. Stargis; el Arizona, el Idaho, el Mississippi, el Pensylvania y el Maryland.

Operario Municipal Lastimado por un Camión  
Joe Brown, de 80 años de edad, empleado en uno de los camiones del ingeniero de la ciudad, y residente en la calle Dieciséis Este, 2281, fue atropellado ayer por un camión de una casa de muebles, y resultó con la espina fracturada. Fue atendido en la Casa de Socorro, y de allí pasó al Hospital Luterano de California.

Un Cortador de Tobillos Pide Más Tiempo para su Defensa

Joseph Hordeman, veterano militar de 63 años, compareció ayer ante el juez superior Edmonds, y, por medio de sus defensores, pidió más tiempo para preparar su defensa. Se le concedió hasta el jueves para que la presente.

Está acusado de haberse pegado en la cabeza a la señora Virginia Wood, y haberla luego corado los tendones de los tobillos. Todo por que no quiso casarse con el furioso veterano.

Charles Infantiles para Chiquillos de Recreio

El rey de Francia había mandado barcos y soldados para ayudar a los norteamericanos (The King of France had sent ships and soldiers to help the Americans). Con todo, Washington no tenía hombres bastantes para guiarlos Nueva York a los británicos (But still Washington had not enough men to take New York from the British). No obstante, alquiló preparándose para atacar a los británicos en Nueva York (Yet he went on getting ready to attack the British in New York). Hizo construir hornos para hacerles pan a sus hombres (He had ovens built to bake bread for his men). Compró heno para sus caballos (He bought feed for his horses). Hizo construir caminos para llevar adelante sus cañones (He had roads built to draw his cannons on).

Animosity of  
Wheeler Held  
Smith's Asset

WASHINGTON, June 27. (P)—The Anti-Saloon League was called the "tool" of the Republican party in a statement issued today by Senator Edwards, Democrat, of New Jersey. Replying to a statement issued last night by Wayne B. Wheeler, Edwards said Wheeler "relied threats of reprisal against most candidates are aimed indirectly at Gov. Smith who, if nominated, can enlist the Anti-Saloon League's opposition as an asset and not a liability." "Wheeler's threat of a third party in the South if Smith is nominated, is not founded on facts," he said.

# First Showing of the GENERAL ELECTRIC Refrigerator

THE CREATION OF GENERAL ELECTRIC — LEADING ELECTRICAL RESEARCH ORGANIZATION OF THE WORLD.

HERE is the new simplified electric refrigerator which it has taken the General Electric laboratories fifteen years to develop. Thousands of models of nineteen different types were field-tested, changed, refined.

The goal of all this effort was to produce a refrigerator that would be about as simple to operate as an electric fan—and almost as portable. It was a difficult electrical problem, but the outstanding electrical research laboratories of the world have solved it.

The General Electric Refrigerator is unusually quiet. Nine out of ten people at a recent exhibit asked "Is it running now?" And it was! It is economical in its current consumption. It never needs oiling or attention. It has no pipes, no drains and no belts that can get out of order. All the moving parts of the General Electric Icing Unit are enclosed in one hermetically sealed housing. This single unit is merely lowered into the top of the refrigerator. It is plugged into any electric outlet. Instantly it starts. Automatically, it gives perfect refrigeration. The sort of dry cold that keeps meats wholesome, milk sweet, and salads crispy.

You will notice that the refrigerator, which was built specially for this simplified icing unit, is unusually substantial and generously roomy. Even the smallest size freezes seven pounds of ice at once (in 56 cubes, 28 large and 28 small) and has a shelf area of about eight square feet. You are cordially invited to see the various models that are now on display. Come in. Examine them carefully. Ask questions about them. Get all the facts.

This is the smallest model. It makes seven pounds of ice at once, provides five and one-half cubic feet of food space and nearly eight square feet of shelf area—ample for the average family. There are larger models to meet every home need. Come in and see them. Meanwhile, mail the coupon for a descriptive booklet.

The General Electric Icing Unit is the revolutionary feature of new-day refrigeration. This icing unit is merely lowered into the top of the refrigerator and plugged into an electric outlet. Instantly it works.

Outstanding Advantages  
Simplified—no pipes, no drains, no attachments. Portable—install anywhere. Just plug into any outlet and it starts.  
Quiet—three feet away you can hardly hear it.  
No Servicing—never needs oiling or attention. All moving parts are enclosed in an hermetically sealed housing.  
Economical—uses very little current, and maintains uniform temperature.  
Clean—the circulation of air through the coils drives dirt away from the top of the refrigerator.

# "HOW MUCH will you allow on my used car?"

THIS IS a commonly asked question, since most new car sales now involve the trading-in of the purchaser's used car.

Theoretically, you can get almost any allowance you want, if you are willing to buy a new car whose price has been arranged to permit an excessive trade-in offer.

Practically, the largest allowance is not the best deal for you unless the new car has been priced to give you full new car value, without regard to trade-in.

When you trade-in your present car for a new car, remember that after all you are making a purchase—not a sale. So be guided by these basic facts:

- 1 Your used car has only one fundamental basis of value; i.e., what the dealer who accepts it in trade can get for it in the used car market.
- 2 Your used car has seemingly different values because competitive dealers are bidding to sell you a new car.
- 3 The largest allowance offered is not necessarily the best deal for you. Sometimes it is; sometimes it is not.
- 4 An excessive allowance may mean that you are paying an excessive price for the new car in comparison with its real value.
- 5 First judge the merits of the new car in comparison with its price, including all delivery and finance charges. Then weigh any difference in allowance offered on your used car.

### DAUDET ELUDES FRENCH POLICE

Royalist Leader in Hiding  
After Prison Escape

Minister Sarraut Orders  
Prompt Rearrest

Fugitive Reported as Having  
Arrived at Lausanne

PARIS, June 27. (AP)—Many of the best detectives in France were busy today, searching for Leon Daudet, Royalist leader, and his lieutenant, Belest, but tonight the two men, who were released from prison on a ruse, were still in hiding, quite happy and tranquil, their friends said.

M. Sarraut, Minister of the Interior, whose name was used by the "King's henchmen" Saturday in ordering Director Cauty of Saint-Priest to turn loose his distinguished guests, conferred with the Police Prefect, M. Chiappe, and the head of the detective forces today. It was decided that Daudet must be arrested, not only quickly, but as quietly as possible.

The last time the police set out to arrest him there were several hundred of them, together with a few dozen French, plenty of horse, ladders, axes and other paraphernalia. M. Daudet surrendered before they attempted to take his L'Action Francaise Building by assault. Within the building were 1200 Royalists, seemingly eager for a fight.

When the uniformed servants of the republic got the Royalist leader behind the bars again—if ever they do—he is likely to stay there for a considerable time. It had been the government's intention to give him his liberty on July 14, next, after he had served one month of the two to which he had been sentenced, but it was known that the Cabinet had changed its mind about this since Daudet's bright young men made the government look a little ridiculous.

There was a theory that Daudet and Belest had fled to Belgium, to seek shelter with the Duke of Guise, pretender to the French throne, and it was understood police agents had been dispatched there. Most of the papers, however, surmise that they are either in Paris or not far away from it.

Mme. Daudet is believed to be with her husband.

The Communist, Bernard, who gained his freedom with the others, is enjoying himself in Paris and making no mystery of his whereabouts. He has been informed that he is expected to report back to Saint-Priest within eight days.

It is not thought that Daudet will surrender this time; his friends declare that the police will have to capture him, if they can.

GENEVA (Switzerland) June 27. (AP)—A Bernese dispatch to the Journal De Geneve says a report has reached the Federal Palace that M. Daudet has arrived at Lausanne.

### Candidate for Sheriff Killed by Ranch Hand

STOCKTON, June 27. (AP)—James Anastro, former San Joaquin County Supervisor and candidate last year for Sheriff, died at the San Joaquin County Hospital this morning after being shot in the back last night by Manuel Herman, a disgruntled employee working on the Anastro ranch near Santa.

The shooting followed when Anastro had apprehended Herman taking a ranch automobile. Anastro was rushed to the hospital, where he died this morning. Herman was arrested at daylight and charged with murder. Herman told officers that he had been drinking yesterday, but that a fit of temper caused the shooting. He said Anastro returned home just as he was driving a ranch car out of a gate. The employer ordered the car returned to the garage.

After putting the car in the garage, Herman said, "Well, I guess I'm fired. Pay me off." Anastro, said Herman, told him to wait till morning. Then said Herman, he went to a bunk-house and got a revolver. Going to the ranch office he pointed the gun at Anastro and demanded a check. Anastro dashed for the door. As the door closed Herman fired, the bullet passing through the door and penetrating through Anastro's back into his lungs.

### SUSPECT RETURNED

Oklahoma Taken from Flagstaff to  
Scene of Banditry

FLAGSTAFF (Ariz.) June 27. (AP)—Matthew Kimes, Oklahoma outlaw captured here last week, was spirited out of the Coconino County Jail early today by Sheriff Russell of Okmulgee, and started for the scene of his asserted banditry in Oklahoma by automobile.

Roy Dooley, alias G. E. Kady, arrested with Kimes and believed to have been connected with the bank robber's activities, also was started east. The party, which included besides Kimes and the Sheriff, J. B. Hill and M. L. Larimore, deputies, left here about daylight. A woman who when arrested with the two men said she is Mrs. "Kady" remains in jail here.

### LIFE'S CHARGES OF ABUSE UNFOUNDED

INDIANAPOLIS, June 27. (AP)—Allegations of D. C. Stephenson, Western prisoner, that he has been mistreated at the Michigan City State prison apparently are without foundation, the Board of State Charities will say in a report to Gov. Jackson tomorrow. The board recently conducted an inquiry into charges and questioned Stephenson at the prison, where he is serving a life sentence for the murder of Madge Oberholzer of Indianapolis.

### NORTHWEST FARMS PROBLEM CONSIDERED

ST. PAUL, June 27. (AP)—Solution of one economic problem in the Northwest—frozen assets in the nature of mortgage-frozen lands—was the goal of a conference of bankers, real estate men, public officials and others here today. Their plan was to form a \$25,000,000 development organization to take over and dispose of \$200,000,000 worth of farm properties which have been foreclosed.

Would You  
give it to them today?

Can you picture the family  
gathered in the living room at home? Briefly you  
announce that the time has come to distribute your  
worldly assets. To Mother goes the home, automobile  
and life insurance. Brother inherits the business at  
it stands. Sister's share is a miscellaneous collection  
of bonds and stocks. Little Sister—well the rest  
will watch out for her.

Of course the mortgage on the house can be paid off  
with the life insurance. Perhaps there will be some  
cash available to run things with, for a little while.  
Brother's idea of the business is rather vague, but he'll  
have to learn sometime. If he wrecks it—well! Sister has  
no knowledge of investments. Should a sharper trade than  
high grade securities for questionable "Safe Things," who  
is to blame? And will there be enough left over to give  
Little Sister the care to which she is entitled.

Aburd you say? No sane man would dream of  
turning over his affairs to his family today. True  
enough. But what of tomorrow? Who can predict  
what the next hour holds in store for him?

One of three steps may be taken immediately to  
guard your family against suddenly being forced to  
take over management of your affairs. By a Will, you  
may leave a guide book for your executor to follow—through Life Insurance you may leave funds  
ample to absorb current obligations and provide income if properly invested—by a Trust agreement you  
may assure competent, careful management of all the  
details connected with your estate.

Combining all three steps in one makes an interesting  
story. We have booklets telling how it may  
be done, free if you will write. Or call and learn the  
details in person.

### FRENCH BUDGET GAINS HEAVY

Government Cost More  
Two Billion Francs

Expenditures Increase to  
Care of Treasury

Minister Submits Estimate  
Chamber Body

PARIS, June 27. (AP)—The government's budget for 1937 will be almost 2.6 billion francs above the 1937 budget. The Minister of Finance, M. Fournier, submitted the estimate to the Chamber of Deputies today in a long document. The Premier, who is Minister of Finance, said that the government's hopes for 1937 were based on the Chamber's approval of the financial plan in the budget. The Premier promised no increase in the tax load, but hinted that indirect taxes on luxury goods might be increased. The Chamber will vote on the budget tomorrow.

COMPARATIVE FIGURES  
Budget for 1936: 100,000,000,000 francs  
Budget for 1937: 102,600,000,000 francs  
Expenditures: 100,000,000,000 francs  
Revenues: 100,000,000,000 francs  
Surplus: 2,600,000,000 francs

### YOUNG WOMAN MAY KEEP By Taking Life Insurance

St. Paul, Minn. (AP)—A young woman who has been advised by a life insurance agent to take out a policy on her own life, may keep the money if she dies. The agent said that the money would be paid to her estate, and that the money would be used to pay for her funeral and other expenses. The agent said that the money would be paid to her estate, and that the money would be used to pay for her funeral and other expenses.

### Agreement Made to Obtain Railroads' Assets

PHILADELPHIA, June 27. (AP)—An agreement has been made between the Pennsylvania Railroad and the Philadelphia and Reading Railroad to obtain the assets of the Philadelphia and Reading Railroad. The agreement was made by the directors of the two railroads, and it was announced that the assets of the Philadelphia and Reading Railroad would be used to pay for the construction of a new line between Philadelphia and Reading.

**Upper Austria**  
**and 6 1/2% Gold Bonds**  
*of the Austrian government.*

Due June 15, 1957.

National Bank of the City of New York, fiscal agent.  
Redeemable as a whole or in part on 45 days' notice  
earliest prior to June 15, 1961, and thereafter at 15 per  
cent on June 15, 1935, at 100 and interest. Coupon bonds in  
whole or in part as principal. Total authorized issue \$7,500,000.  
1928, sufficient to retire the entire issue by  
not exceeding 100 and interest  
at that price.

*Heghel, Governor of the Province of Upper Austria:*  
development of the Province and the creation of  
new sources of revenues. At present 90% of the  
revenues of the Province are expended for provin-  
cial improvements, education and public health.

The total funded debt of the Province of Upper  
Austria, exclusive of a contingent liability on a  
guarantee of \$452,000, but including the present in-  
terest, amounts to \$3,754,395. The estimated value of  
improvements, mineral deposits or industries, is  
\$10,000,000, or \$239 per capita as compared with a  
per capita provincial debt of less than \$12.

The Province covenants that it will not issue  
any of the remaining authorized bonds unless the

**public of Austria.** The Republic of Austria is an area of 33,250 square miles and a population over 6,500,000. Austria is nearly three times the size of Holland; about two and one-half times that of Belgium and over twice that of Switzerland. A population of Austria is about the same as that of Holland and about one and three-quarters less than that of Switzerland. Great Britain and the principal European governments. In a protocol dated October 4, 1923, declared that they will respect the political independence, territorial integrity and sovereignty of Austria.

Austria is an industrial and agricultural country over 50% of the population being engaged in industrial and commercial activities. It possesses coals of iron ore sufficient to provide entire needs of its important metal industry, which produces nearly every product known to the iron and steel trade. About 28% of the total area of the country is wooded, providing a timber supply which is the basis for an extensive woodworking and paper industry. In water power resources Austria ranks one of the richest countries in the world in proportion to its area.

The Austrian currency was one of the first in Europe to be stabilized, and has remained steadily without fluctuation since October of 1923. The gold and foreign exchange reserve of the Austrian National Bank is about 54%. Austria's economic and financial recovery is evidenced by a balanced budget, a sound currency, expanding production and more favorable trade relations.

## Picked at Random

THE following list of bonds were picked at random from our current list of California Street Bond offerings. They comprise a representative group of every day Street Bonds—the kind that are being bought by conservative investors every day in the year. Give particular attention to the property values and security ratios.

Amount of Bond	Appraised value of specific property constituting security	Ratio between bond and security
\$ 25.12	\$ 1,200.00	47 for 1
51.60	1,000.00	19 for 1
131.76	2,300.00	17 for 1
311.72	3,500.00	11 for 1
542.26	5,500.00	10 for 1
878.29	14,000.00	15 for 1
1,487.29	20,000.00	13 for 1
2,807.21	82,000.00	29 for 1

Every one of the above Street Bonds is a first lien against a specific piece of real estate ranking ahead of first mortgages (present or future), and all other liens except taxes. Bonds offering such security and yielding 6 to 6½%, exempt from California property and Federal Income Tax, should be included among every investor's holdings.

The above bonds, together with several hundred thousand dollars more, are available in practically any amount desired. If you are planning to include a block of Street Bonds in your July investments you may make selections from our lists now.

## NEW YORK CURB STOCKS

NEW YORK, June 27. (AP)—	After an early period of uncertainty, the curb market turned definitely weak today, with heavy offerings of oil and public utility shares. The reaction of stocks on the "big board" presumably aroused some uneasiness in speculative sentiment and declines of 2 to 3 points or more were common.
Vacuum Oil and Creole Syndicate were offered in large volume and most of the Standard Oil issue syndicate sharply, selling presumably being based on disappointment over the failure to effect a reduction in the excess production of crude.	
American Gas and Electric, American Water Works (new), Southeastern Power and Light common and prior preference and United Gas Improvement were the outstanding spots in the public utility division. United Light and Power "A" and "B" stocks, however, received good support.	
Several recent favorites were under selling pressure, Richman Radiator, Bantical, Celanese A of America, Cuno Press and Dunhill International, United Light and Power "A" and "B" stocks, however, received good support.	
Johnson climbed to a new high of 87 3/4, where it met with heavy offerings and quickly dropped to 84 1/2, a net loss of 3 1/4.	
Special buying in a handful of issues resulted in a few substantial gains. Buoyancy Corporation (new), Curtiss Airplane, preferred, and Horn & Hardart touching new peak prices, while Curtiss Publishing common also preferred gained a joint or so. Ford of Canada jumped 14 points on a few odd-lot sales.	
The closing price is quoted when the stock was sold and when it was not sold.

Money received between July 1st and July 10th draws interest from the first

**6% Tax Exempt**

Every dollar invested is secured by over 800 first mortgage loans on So. Calif. homes—\$2.50 of real estate value to every dollar loaned.

The Guaranteed Income Certificates of the Los Angeles Mutual are exempt from all State, County, and Municipal taxes in the State of California—including personal property tax.

They are a legal investment for the reserve funds of banks, insurance companies, cemetery associations, guardians and trustees of all kinds, as well as individuals.

If you cannot call, write for folder.

R. HOLTEY MYERS, Sec'y-Mgr.

**LOS ANGELES MUTUAL**  
BUILDING & LOAN ASSOCIATION  
100 S. SPRING STREET - LOS ANGELES, CALIF.

**July Offerings**

In the circular which we are now preparing for the July investors we are presenting some highly interesting data on public utility securities, showing why this form of investment, when properly selected, offers

**THE SOUNDTEST SECURITY THE HIGHEST YIELDS**

As evidence of which we are offering in this circular high-grade public utility bonds and preferred stocks yielding up to

**7.35%**

A copy of this circular will be gladly mailed upon receipt of your name and address.

**NEW YORK BOND PRICES**

NEW YORK, June 27. (AP)—With the exception of a few miscellaneous issues, bonds developed a heavy tendency in today's market, a few rather sharp reactions cropping out in various sections of the list. Despite the sharp contraction of new offerings last week, high-grade bonds were in measure demand, traders probably preferring to limit their commitments in anticipation of a temporary tightening of the money market as banks prepare for the heavy call for funds to meet July payments to investors.

Some of the convertible issues were offered in relatively large volume, such recent favorites as Erie "D" 4s and International Telephone 5 1/2s selling off sharply, the latter touching a new low for the year. White Sewing Machine 6s dropped a point and a half.

Railway mortgages generally were soft, the New Erie refunding 6s declining more than 3 points to a new low record following the dissolution of the syndicate which offered the \$50,000,000 issue a few weeks ago. Hudson and Manhattan 5s also sank to a new minimum, and most of the St. Paul lines lost part of last week's gain.

Adams Express Collateral Trust 4s were among the few strong spots, advancing 3 points to a new high of 117 1/2.

Canadian and a few South American bonds gave a fair account of themselves, but most of the foreign issues were fractionally lower. Further selling of French obligations was in evidence, and Mexican 5s, sent down more than 3 points to 38 1/2, a new low.

Liberty second 4-4s again were active at slightly lower prices, and heaviest characterized the government list as a whole.

The quotations represent sales of bonds (to thousands of dollars) and the closing prices in the open market. The quotations are for bonds sold in the open market and not for bonds sold in the market.

# NEW YORK BOND PRICES

NEW YORK, June 27. (AP)—With the exception of a few miscellaneous issues, bonds developed a heavy tendency in today's market, a few rather sharp reactions cropping out in various sections of the list. Despite the sharp contraction of new offerings and the anticipated liquidation of meagre demand, traders probably preferring to limit their commitments, the market showed a slight tightening of the money market as banks prepare for the heavy call for funds to meet July payments to investors.

Some of the convertible issues were offered in relatively large volume, such as recent favorites of the market, International Telephones 5 1-2s selling off sharply, the latter touching new low for the year. Steel Security Machine 5s dropped a point and a half.

Railway mortgages generally were sold at the new Erie refunding as declining more than 3 points to a new low record following the disappointing offering of the Erie. The offered the \$50,000,000 issue a few weeks ago. Hudson and Manhattan also sank to a new minimum, and most of the Pauline Trust part of last week's gain.

Adams Express Collateral Trust 4s was among the few issues that advanced 3 points to a new high of 117 1/2.

Canadian and few South American bonds gave a fair account of themselves, but most of the foreign issues were fractionally lower. Furthermore, the offerings of the latter, as in evidence, and Mexican 5s, as mentioned, dropped more than 3 points to 88.

Many bonds of 4 1-4s again were

Eastern Ambassador Hotels

First and Refunding (Closed) Mortgage  
5 1/2% Sinking Fund Gold Bonds

Dated: June 15, 1927 Due: June 15, 1947

Trustee: Central Union Trust Company of New York

Interest coupons payable June 15 and December 15, United States Federal Income tax of 3% paid by borrowing corporation. Various state and local taxes paid by borrowing corporation. Through the operation of a sinking fund, bonds in this amount of \$12,000,000 are to be retired by June 15, 1950, and final maturity.

Herbert S. Martin, President Ambassador Hotel Corporation, has submitted the following information in connection with this bond issue:

BORROWING CORPORATION—The bonds are the obligation of Ambassador Hotel Corporation, a Delaware Corporation, which owns The Ambassador at Park Avenue, 51st and 52nd Streets, New York City, and The Ambassador on the Boardwalk at Brighton Avenue and Stenton Place, Atlantic City, N. J. These hotels have been in operation for more than five years and have shown steady increases in patronage and profits since they were opened to the public.

EARNINGS—The combined net earnings of The Ambassador, New York, and The Ambassador, Atlantic City, after amortization of bond discount and estimated expenses in connection with this issue, available for interest, depreciation and Federal Income Taxes, as certified by Messrs. Haskins & Sells, certified public accountants, were as follows:

1926	\$4,932,277.36	\$1,646,083.62
1925	4,417,620.70	1,365,450.25

VALUATION—The American Appraisal Co. has appraised the properties on the basis of reproduction cost less depreciation, including financing and carrying charges, attributable to the properties and business to be financed.

Land	\$4,820,000
Buildings	11,281,994
Furnishings	1,698,006
Total	\$18,000,000

PURPOSE OF ISSUE—This financing provides no additional funds for the borrowing corporation, but is solely for the purpose of consolidating and refunding existing funded indebtedness and reducing the fixed charges on the properties.

LOS ANGELES MARKET

CATTLE—Trading in yesterday's market was rather slow in getting under way, but when it did start a fair amount of business was done at slightly better prices than were reported with last week's deal. The market was fairly active, with a few sales of choice stock. Several cars of Arizona were included in yesterday's run, but these, mostly steers and heifers, were not much in demand, although a few sales were noted by hand. Prices generally on local stock and the stock closed steady to 10c higher, with spots on the plain kinds of steers as much as the higher.

No good steers were included in yesterday's run, the practical top being 8.25, paid for a lot of 100-pound weight. Small lots and around 8.25, while two lots of 100-pound California grasses brought 8.25. The price spread of 7.75 to 8.25, but in the majority of yesterday's stock supply, mostly medium grades ranging all the way from 5.00 to 10.00 pounds. Loads of common steers sold from 7.00 to 7.50, while thin kinds, including Texas, sold down to 6.00, this price taking a load of 25-pound weight.

The practical top in the stock market today was 7.10, paid for two lots of good 100-pound steers. Old load of both cows and heifers sold higher, while the bulk of the stock, medium and medium, turned from 6.00 to 6.25, with several good and fair lots clearing from 6.50 to 7.25. Cows and heifers sold from 5.75 to 6.50, with low cutters from 5.00 to 5.25. Bulls were in light supply and sold from 5.00 to 5.25. Bulls in a small way turning from 4.50 to 5.00, with medium bulls from 4.00 to 4.50 and common kinds around 3.50.

CATTLE—A rather active demand showed up yesterday's supply of various quality at steady prices, however, with some and heifers and cow sale, the majority of these being sold at a late hour. Load lots of good and choice 200 to 250-pound California steers turned from 11.50 to 11.75, with small lots of choice stock weighing under 200 pounds as high as 12.50. Several lots of good and choice 250 to 300-pound calves turned from 6.00 to 6.25, while plain kinds and steers having cleared from 5.00 to 5.25.

HOGS—Cattle were slow in turning but yesterday's supply was fairly active, with a few sales, which were all sharply lower; however, a good clearance was made by the new hour, there being weight, 200 to 250 pounds, medium, medium and only one load. Prices were steady, mostly steady, 11.50 to 12.00, with the bulk of the business averaging 11.50.

BUTTER AND EGGS

(Closing prices quoted are corrected daily by Produce Exchange of Los Angeles.)

## LATIN-AMERICAN MILLING CO.

\$1,000,000 Net Profits

\$1,000,000 net profit before a pick was made to the mine area of the LATIN-AMERICAN MILLING CO. This is a feature which makes the company unique in the history of Los Angeles mining interests.

About July 1st, LATIN-AMERICAN'S 250-ton daily capacity mill started operations on 500,000 tons of dump ore and tailings estimated to contain 5,000,000 pounds silver, 25,000,000 pounds lead and 50,000,000 pounds zinc.

With mill operating profit, it will be in sight! Based on actual mill returns, profits from tailings alone should net \$200,000 per year, or more than 100% return on the company's unusually low outstanding capitalization of \$750,000.

And loads of cheap, low-grade ore are indicated reserves of 100,000 tons of good grade ore located and in sight in the mine.

Latin-American makes your investment safe. Write for prospectus.

## OIL NEWS

BY HOWARD C. KEGLEY

Prospects for the development of production in the Potrero (near) south and east of Inglewood, appear to be not much brighter now than they were before the Associated Oil Company drilled its Cypress No. 1, which is supposed to have had the best showings of any well yet drilled in all that much prospecting area. Neither of the two wells which are now being drilled there have had anything exciting in the way of showings, although one of the wells is supposed to have had a slight indication about a month ago.

The California-Eastern Oil Company's Cypress Heights No. 1, near the city, is drilling ahead at about 4835 feet, in gray sand and shale, while the Associated Oil Company's Johnson well is drilling in practically the same kind of formation at about 4700 feet.

Most geologists figured that the Cypress Heights well at least should have had showings long before this, but with the exception of a few inches of discolored and colored sand, it has not. The well has been drilled to 4835 feet, and the trend of the structure, and most authorities have thought well of its prospects since the abandonment of the original Cypress No. 1 by the Johnson Petroleum Corporation, on the other end of the supposed strike.

The location of the Johnson well theoretically, was more of a debatable question, but it still has a couple of hundred feet to go before it is as deep as the California-Eastern test, and something may turn up in that direction.

To Rebuild Barricks

Most of the operators whose derricks were destroyed in the Sunday fire in the Alhambra Heights area of the Seal Beach field, are already preparing to rebuild their derricks and resume work where they left off, according to field reports. Only two of the wells were drilling, the others all being producers. An examination yesterday determined that so far as could be ascertained from the surface, the producers probably could be returned to production without much trouble.

Production in the field was reduced by between 3500 and 4000 barrels per day by the fire, not including the new production that might have been expected in a few days from the wells which had not been completed.

Gets Field Showings

The Calpan Producing Company, one of the smaller operators which has been prospecting around the northeastern part of the Huntington Beach field for the past several

months, has found some favorable showings at about 2800 feet, according to field reports. A sand at that point showed oil and gas, and while it was not sufficient to justify a test, it is regarded as an indication that better showings may be found lower in the hole.

Gets Good Well

The Associated Oil Company has brought in another good well on its Bayha lease in the Richmond area, getting an initial production of about 600 barrels per day in its No. 3 well, according to field reports. The well was brought in at a depth of nearly 4400 feet, and casing was set at about 4300 feet.

Well Is Deep

The California Well Drilling Company is drilling sand and brown shale in its widest well at Davidson City, according to field reports, which give the depth of the hole as 6180 feet. No definite showings have been found in it, although the brown shale which has been found for several hundred feet, is considered favorable to lower showings.

Try New Zone

The Southern California Drilling Company is preparing to make a test of a zone at 3100 feet, which is believed to correspond with the 3000-foot sand found by the Pan American Petroleum Company at El Segundo three years ago, according to field reports. The test is supposed to have had a good-looking oil sand, but did not get a water shut-off, and never made a satisfactory test.

To Hold Meeting

The Los Angeles section of the American Association of Petroleum Geologists will hold a luncheon at the Clark Hotel a week from today at noon. It was announced yesterday. The feature of the luncheon will be a motion picture illustrating the making of a joint casing from the time the ore is taken from the mine until the pipe is lowered into the oil well. The picture will be shown under the direction of Ben Broad.

## DAILY EASTERN CITRUS MARKETS

(By the Associated Press)

CARLOS SIEMENS  
SOUTHERN CALIFORNIA

California oranges and lemons from an earlier market in the world's leading fruit sections, reports to the California Fruit Growers' Exchange revealed.

An analysis of the trading situation in the following table:

CALIFORNIA CITRUS AUCTION SUMMARY

Grade	Oranges		Lemons	
	Box	Case	Box	Case
Super	2.10-2.20	2.10-2.20	2.10-2.20	2.10-2.20
Extra	1.80-1.90	1.80-1.90	1.80-1.90	1.80-1.90
Standard	1.50-1.60	1.50-1.60	1.50-1.60	1.50-1.60
Substandard	1.20-1.30	1.20-1.30	1.20-1.30	1.20-1.30
Rejects	1.00-1.10	1.00-1.10	1.00-1.10	1.00-1.10

Boxed sales by size were reported by the exchange on oranges as follows:

NEW YORK—1926 1927 1928 1929 1930 1931 1932 1933 1934 1935 1936 1937 1938 1939 1940 1941 1942 1943 1944 1945 1946 1947 1948 1949 1950 1951 1952 1953 1954 1955 1956 1957 1958 1959 1960 1961 1962 1963 1964 1965 1966 1967 1968 1969 1970 1971 1972 1973 1974 1975 1976 1977 1978 1979 1980 1981 1982 1983 1984 1985 1986 1987 1988 1989 1990 1991 1992 1993 1994 1995 1996 1997 1998 1999 2000 2001 2002 2003 2004 2005 2006 2007 2008 2009 2010 2011 2012 2013 2014 2015 2016 2017 2018 2019 2020 2021 2022 2023 2024 2025 2026 2027 2028 2029 2030 2031 2032 2033 2034 2035 2036 2037 2038 2039 2040 2041 2042 2043 2044 2045 2046 2047 2048 2049 2050 2051 2052 2053 2054 2055 2056 2057 2058 2059 2060 2061 2062 2063 2064 2065 2066 2067 2068 2069 2070 2071 2072 2073 2074 2075 2076 2077 2078 2079 2080 2081 2082 2083 2084 2085 2086 2087 2088 2089 2090 2091 2092 2093 2094 2095 2096 2097 2098 2099 2100 2101 2102 2103 2104 2105 2106 2107 2108 2109 2110 2111 2112 2113 2114 2115 2116 2117 2118 2119 2120 2121 2122 2123 2124 2125 2126 2127 2128 2129 2130 2131 2132 2133 2134 2135 2136 2137 2138 2139 2140 2141 2142 2143 2144 2145 2146 2147 2148 2149 2150 2151 2152 2153 2154 2155 2156 2157 2158 2159 2160 2161 2162 2163 2164 2165 2166 2167 2168 2169 2170 2171 2172 2173 2174 2175 2176 2177 2178 2179 2180 2181 2182 2183 2184 2185 2186 2187 2188 2189 2190 2191 2192 2193 2194 2195 2196 2197 2198 2199 2200 2201 2202 2203 2204 2205 2206 2207 2208 2209 2210 2211 2212 2213 2214 2215 2216 2217 2218 2219 2220 2221 2222 2223 2224 2225 2226 2227 2228 2229 2230 2231 2232 2233 2234 2235 2236 2237 2238 2239 2240 2241 2242 2243 2244 2245 2246 2247 2248 2249 2250 2251 2252 2253 2254 2255 2256 2257 2258 2259 2260 2261 2262 2263 2264 2265 2266 2267 2268 2269 2270 2271 2272 2273 2274 2275 2276 2277 2278 2279 2280 2281 2282 2283 2284 2285 2286 2287 2288 2289 2290 2291 2292 2293 2294 2295 2296 2297 2298 2299 2300 2301 2302 2303 2304 2305 2306 2307 2308 2309 2310 2311 2312 2313 2314 2315 2316 2317 2318 2319 2320 2321 2322 2323 2324 2325 2326 2327 2328 2329 2330 2331 2332 2333 2334 2335 2336 2337 2338 2339 2340 2341 2342 2343 2344 2345 2346 2347 2348 2349 2350 2351 2352 2353 2354 2355 2356 2357 2358 2359 2360 2361 2362 2363 2364 2365 2366 2367 2368 2369 2370 2371 2372 2373 2374 2375 2376 2377 2378 2379 2380 2381 2382 2383 2384 2385 23

"Times" Daily Short Story

By MARJORIE DAMSEY WILSON

## COLD LIGHT

The world takes another BIG step forward.

"COLD LIGHT"—the dream of engineers, becomes a commercial reality with the introduction of the "COLD LIGHT."

Heat must first be generated by present electric bulb before it can be put to use. Put your hand on a globe if you want to feel the heat.

"COLD LIGHT" is COLD. It is NOT the result of heat. In "broadcasts" its light waves are sent out in all directions for its great "penetrating" power.

The revolutionary to the world's lighting system as the automobile to the horse and buggy.

Advantages over the present light bulb are as great as the advantages of the automobile over the horse and buggy.

The NEW INDUSTRY is being started—an industry that is to revolutionize the world of people.

Los Angeles has been selected as the headquarters for the great industry that is to occupy a dominant position in this industry. The product of this factory here will enjoy a wide distribution. Again "Made in Los Angeles," is to be the corner of the world.

You are out on the street and want you to notice particularly the new electric signs that are being put up. Great White Way to a new COLOR. Note how this is wrought from one concept of glass tubing. It is this that holds the Neon Gas, brought into contact with the current, produces the gorgeous, green, red and blue that the Neon Light.

Imagine the terrific demand for the "white light" is permeating what a radical improvement in lighting! Imagine light-tight house with this beautiful penetrating light as much as NINETY PER CENT of the present light bills. Picture this will mean to theaters, stores and other big concerns.

All THINK what the "white light" is permeating the Nation's demand for improvement.

You like to get a "close-up" of the "white light"—see it actually in the office TODAY. One of the most interesting sights you ever witness expert craftsmen and bring this electrical marvel right before your eyes.

Make arrangements with the company just mentioned to get "first hand" on this sensational product.

You will ever have a "close-up" of the "white light" in the office TOMORROW in this "COLD LIGHT" by all means.

J. H. Roth &amp; Co. Stocks-Bonds 51 So. Spring St., Los Angeles, Calif. 0501

# Versions of Mackaye-Kelly Dinner Rendezvous Differ

## MYSTERY SEEN IN TRYST STORY

Defense Counsel Declares Plot Discovered

Judge Dismisses Affair as Regrettable Scene

Jury Expected to Get Case Late This Afternoon

An air of mystery yesterday surrounded a purported tryst last Saturday afternoon between Dorothy Mackaye, stage actress, and Paul Kelly, her avowed lover, which is said to have taken place when the young actress was taken out of the County Jail on a court order and went to Hollywood to transact some business before leaving for San Quentin to start a one-to-ten-year term for killing her husband, Raymond Mackaye, in a fit of rage.

Deputy Sheriff Peters, in a statement today, said that he took Kelly to the home of one of the actress's intimate friends, Mrs. Ben Wilson, wife of a motion-picture director, of 233 Irving Boulevard, and that Mrs. Mackaye was present when a turkey dinner was served.

**TRIAL RESUMED**

The trial of Mrs. Mackaye was resumed yesterday at 2 p.m. after the usual recess and adjournment, when Dep. Dist. Atty. Kemp started his opening argument to the jury. He said that today's trial is to be followed by Defense Attorney Jerry Oehler, who is to open in behalf of Mrs. Mackaye, and Judge Marshall, who is to close for the defense. The closing State's argument will be made by Dep. Dist. Atty. Murray. It was predicted yesterday that the arguments will be completed today in sufficient time to permit the case to go to the jury late this afternoon. As soon as the arguments are finished Judge Marshall will read his instructions, after which the jury will be sent out to deliberate Mrs. Mackaye's guilt or innocence on a charge of compounding a felony.

Kelly and Mrs. Mackaye, as well as others who were said to have been present at Saturday's dinner party, denied yesterday that they had met at the Wilson home. Kelly angrily and emphatically denied the reports, while Mrs. Mackaye said it was "ridiculous."

### DECLARED PLOT

Her attorneys answered the reports yesterday by characterizing it as a plot engineered by outside interests to embarrass the prosecution against Mrs. Mackaye and to sway sentiment in Kelly's favor.

Judge Marshall said he dismissed the matter at length with Peters, but declared he will not order any investigation inasmuch as the court order on which Kelly was released from the jail was carried out.

"It was a regrettable incident because of the trial now pending and an error of judgment on everybody's part," the judge asserted. "I think a mistake was made by the officer, but he told me he did not know Mrs. Mackaye was to be present. At noon, the officer informed me, Kelly suggested they go to Mrs. Wilson's for something to eat instead of going to a restaurant. Peters said he could not find the place."

## WARD CASE NEARS JURY

State Closes in Trial of Three on Charges Filed in Asserted Tag "Fixing"

With the State's case against them closed, and with one temporary loss against them when Municipal Judge Frederickson denied defense's motion to dismiss, Robert Hickey, J. M. Rissman and Daniel Rissman, officers of the Twelfth Ward Republican Club, today will have their fate decided by a jury on charges of petty larceny, obtaining money under false pretenses and conspiracy to so obtain money.

The charges against the three men are the outgrowth of their asserted activities in political circles and their asserted machinations in "fixing" tags and obtaining various concessions for members of their club. Chief Deputy City Prosecutor Concanon and Deputy City Prosecutor Matherly concluded the State's case yesterday after several witnesses had testified that they had bought memberships in the club. The prosecution contends that such memberships were the recompense the club demanded for any help given or favors supposedly granted citizens.

Judge Frederickson denied the motion to dismiss argued by Attorney Nathan O. Friedman and William M. Morse, Jr., after which defense counsel asked instructed verdicts for their clients. Friedman represents the Rissmans while Morse represents Hickey.

Each of the three men is faced with five misdemeanor charges, two of petty larceny, one of obtaining money under false pretenses and two of conspiracy to obtain money under false pretenses. They are at liberty under \$500 bond each.

Others said to have been present at the farewell turkey dinner are Helen Wilkinson, "girl friend" of Mrs. Mackaye; Doris Kelly, sister of Kelly; Mrs. Wilson and a friend of Mrs. Kelly's who, Peters said, was called "Betty" by the others present.

### NO AFFECTION

Peters, who volunteered his information to Judge Marshall, said there was nothing wrong in the meeting of the two and that they displayed no affection and did not kiss. He said they talked in whispers while they sat at the table and that after remaining there for several hours they departed at 8:30 p.m. when Kelly was taken back to his jail cell.

Mrs. Wilkinson also denied she was present as reported. She and Mrs. Mackaye declared they went to the beach Saturday and remained all afternoon.

In the State's opening argument to the jury yesterday afternoon, Mr. Kemp blamed the purported love affair between Mrs. Mackaye and Kelly for Raymond's death. The prosecutor hit at the defense claim that Raymond died from a fall out of bed by saying this fall was caused by injuries Kelly had inflicted on him and that Raymond "wouldn't have died had he not been beaten."

### SHELLEY H. TOLHURST WILLS ESTATE TO WIFE

An estate worth "more than \$100,000" was left to Joseph H. Tolhurst by her husband, Dr. Shelley H. Tolhurst, who died the 17th inst., according to a petition for probate of his will, filed yesterday. The will recites that the testator trusted the execution of "certain wishes" to his wife, knowing that she would carry them out when wise and practical to do so.

### SALESMAN INJURED IN FALL INTO SHOW CASE

Falling into a show case in a clothing store at 211 South Spring street caused serious injury to Abe Wolf, 45 years of age, a salesman in the store, late Saturday evening. He was treated at the Receiving Hospital for a possible skull fracture and severe lacerations of the head and face.

## FRENCH TO GIVE WAR EMBLEM

Allied Veterans Will Place Bronze Plaque on Monument

The French veterans of the World War are to present to the veterans of the World War in Los Angeles on Bastille Day, July 14, a bronze emblem, which is to be placed on the World War Monument at Pershing Square.

This presentation was brought to the attention of the City Council yesterday by the county council of the American Legion, which asked that the city contribute toward the cost of the celebration and exercises.

## WASHINGTON PUBLISHER GUEST HERE

Declares America Must Have Adequate Merchant Fleet to Meet Orient Trade

America's future lies in the Pacific and in the development of an adequate merchant marine to meet the immense growth of commerce with the Orient, Antipodes and South America, according to Theodore W. Morse, publisher of the Washington Star and dean of American journalists, who arrived at the port yesterday aboard the Dollar liner President Folk, en route to Alaska.

"The Pacific has definitely become the theater of the world's affairs," said Mr. Morse, "and it is up to America and the Pacific Coast in particular, to take full advantage of the opportunity thus thrust before us."

"I don't know where we stand in this naval disarmament plan, but I do know that the maintenance of an adequate merchant marine is the best guarantee of national and industrial security."

The government has done great work in its operation of the merchant marine, but of course private operation is what we desire. To be successful our merchant marine must in and have government aid of some sort.

Mr. Morse and his wife are on their second visit to Los Angeles in two years, having called here in 1925 when they were making a trip which will take them into Northern Alaska, the very headwaters of the Yukon River.

### HEART BALM SUIT THROWN OUT OF COURT

BREA, June 27.—According to word just received here the heart-balm suit for \$500,000 which Ed L. Olmsted, formerly president of the First National Bank, brought against W. D. Howard, banker of Los Angeles, has been dismissed in the Los Angeles courts for lack of evidence, such evidence as was admitted tending to disprove the charges brought by the former bank officer.

Olmsted charged Howard with having stolen the affections of his wife and also of having been the means of defrauding him in connection with a bank-stock deal after leaving Brea. Recently Mrs. Olmsted, formerly a Miss Rimpas of Anaheim, was granted a divorce in a court action, custody of two minor children having been given into her care.

### ORATORY CHAMPION TO ADDRESS KIWANIS

The regular weekly meeting of the Los Angeles Kiwanis Club will be tomorrow noon at the Biltmore. The speaker of the day will be H. B. Oberholser, winner of this year's national intercollegiate oratorical contest. Mr. Oberholser, who won competition with all the colleges and universities of the United States, comes from the Orange Free State, South Africa. He will give his speech on "The Constitution." There will be international convention reports by Pat Milliken, Charlotte Arms, Ben Bishop and Bob Kee. Bill Baker will be chairman of the day.

### COUNCIL'S HANDS TIED IN MARATHON DANCES

The City Council has declared by the adoption of its Public Welfare Committee's report, that the Council is helpless to legislate against marathon dances, such as the one recently conducted between Venice and Vermont avenues. The committee of the Council declared that such dances are injurious to the health of those taking part in them. The recent dance was stopped by Health Officer Parrish.

### BUDGET FOR CITY STANDS ADOPTED

The Los Angeles city government \$43,352,862 budget for the fiscal year beginning next Friday stood adopted by the City Council yesterday. Assistant Auditor Whitely announced that the Mayor having approved the budget as modified by the Council last week, no further action is necessary.

### ERRAND OF MERCY CAUSE OF INJURY

HUNTINGTON PARK, June 27. (P) Sympathy for an injured animal today put William Potter of Downey, near here, to a hospital with hands and arms lacerated by the fangs of a dog.

Potter stopped his automobile to carry the dog, whose back was broken by a previously passing car, to the lawn of a near-by house. The animal, apparently suffering intensely, turned on him as he carefully carried it and sunk its teeth several times in Potter's flesh. His injuries were not considered serious.

The dog's suffering was ended by a bullet from a policeman's revolver.

## Girl Charges Trio "Ironed" Her

Asserted Assault Weapon Dep. Dist. Atty. Clark holding station which is pointed to by Miss Grace Stewart.

## INJURIES TO GIRL DELAY PROCEEDING

Hearing in Mysterious Attack Charged by Stewart Sisters Continued

Because one of the victims is said to still be in a critical condition at a local hospital, preliminary examination for three defendants on charges of assault with a deadly weapon, yesterday was continued by Municipal Judge Westover to July 27, next.

The defendants—Mrs. Clara Hamm, 30 years of age; Miss Kenney Parker and Norman MacDonald, 23, salesman and son-in-law of Mrs. Hamm—were faced with the felony charges in two counts on complaint of Misses Edith and Grace Stewart, the most seriously injured in the asserted attack, is said to be suffering from concussion of the brain as a result of a blow given her with a flatiron.

According to Dep. Dist. Atty. Clark, the defendants were mysteriously attacked on the 2nd inst. in their apartment at 301 South Virgil avenue, which they had rented from Mrs. Jones, according to report of Detective Lieutenants Freudenberg and Luke, who investigated the case and arrested the three women on bench warrants.

## Western Air Express Low Fare Extended

Popular response to the Western Air Express experiment in summer excursion rates for airplane travel between Los Angeles and San Lake City has been so general that officials of the line yesterday decided to extend the excursion period to July 31. Announcement of the decision was made by Harris M. Hanshush, president and general manager of the local air transport company.

"Since inaugurating the first air tourist excursion ever offered by an established commercial air line, our ships have been booked to near capacity," Mr. Hanshush said. "While the popular half-fare excursion rate is too low to be profitable on an exclusively passenger operation, it is warranted from the standpoint of popularizing air travel," he said.

## Odd Fellows Encampment on Saturday

Encampment members of the I. O. O. F. of the Southland are planning a celebration in the hills of Carbon Canyon, San Bernardino county, July 2, 3 and 4, according to Maj. W. Driver, Past Chief Patriarch of Orange Grove Encampment, No. 31, who will superintend the festivities. Each person will bring his own camping equipment. Members of the Odd Fellows, their families and friends and visiting members from other jurisdictions are invited. Games and other entertainment have been arranged, and music will be furnished for dancing.

A feature of the outing will be the conferring of encampment degrees on a large class of candidates at the Oas Country Club grounds. The following degree teams will officiate: Orange Grove, No. 31, Los Angeles; Anaheim, No. 108; Huntington Park, No. 125, and Glendale, No. 130.

### PLANS COMPLETED FOR IRISH REUNION

Plans for the annual Irish reunion and picnic at Rose Hill Park are completed. The committees in charge are co-operating with the various Irish societies of the city and outside centers. The program includes literary and musical numbers, Gaelic football, tug of war and a number of other athletic events. The oration will be delivered by Frank J. Barry, followed by other speakers. Irish folk dancing will be featured, and in the evening the dancing pavilion will be thrown open to the public.

### BUILDERS HOLD OPEN SMOKER

Members of the Builders' Exchange are to hold a get-together smoker tomorrow evening in the assembly room of the exchange's headquarters, 526 South Los Angeles street. The affair is to be open to all interested in the building and engineering construction industry. There is to be no admission charge.

### ONWARD PAVING ASKED

The paving of Oxnard street from Cabanua avenue to Lancaster Boulevard for a roadway width of twenty feet yesterday was asked of the City Council by property owners.

**UNIONS CHECK ON PAPER DEAL**

Advertising Soliciting Said to be Unauthorized

Labor Council Denies Being Back of Project

Representation Laid to Promoters

The manner in which certain persons have been soliciting advertising from Southern California business men for a publication they said they are getting up in the interests of labor has drawn fire from both labor and local union officials, it was learned in the police department yesterday.

City Detective Bligh, who investigated the project, said he found out the solicitors were working out of a temporarily equipped room in a Los Angeles office building, where he found W. Thompson, once publisher of a magazine called the Municipal Employee, was office manager. The detective said he talked principally with E. J. Elbury, "from the back answers," who had a connection with J. E. Tibbitts for promotion of the project.

Elbury told me, Detective Bligh reported, "that he had solicited all around here and in San Bernardino and other places advertising in a publication called the Municipal Employee. He said he was in the Los Angeles office building, where he found W. Thompson, once publisher of a magazine called the Municipal Employee, was office manager. The detective said he talked principally with E. J. Elbury, "from the back answers," who had a connection with J. E. Tibbitts for promotion of the project.

**I See by Today's 'Times' Want Ads—**

That five experienced soda fountain girls are wanted at once.

That reward is offered for return of brown Pekingese dog lost Sunday in Carthay Center. Dog has red collar.

That 10-acre fruit ranch with present crop estimated at \$4000 is offered for sale by owner for \$14,500—\$7000 cash, balance long time mortgage.

That baby grand piano in excellent condition is offered for sale for \$225 cash.

\*\*\*\*\*

labor day and twenty-eighth annual State convention." Elbury's contract with Tibbitts, "treasurer of convention fund," called for 60 per cent of receipts of solicitors under him and Elbury gave the solicitors 30 per cent, Bligh reported.

Bligh said he is waiting to see whether the promoters' issue of the edition as Elbury asserted will be done. He said Elbury attributed Tibbitts' opposition to soliciting here jealousy.

**Ministers Hear of Better Trend in Film World**

"Motion picture producers and exhibitors and the church element generally are coming more and more to co-operate in the campaign for cleaner pictures and the cinematographic art, from every standpoint, has improved greatly within the last three years," declared Dr. C. C. MacLean in an address yesterday before the Ministerial Union at the First Methodist Church. "If producers will make it a practice never to film a scene which they would not be willing for their daughters to see in company with young men, they would be less talk and no reason for legal censorship."

Dr. MacLean's remarks followed an address by Dr. L. T. Guild, who voiced his regret of the fact that all motion pictures do not support the highest moral standards and that the lives of some actors and actresses are not all that could be desired.

**Truck Driver Loses Foot in Freak Crash**

Joe Gallego, 28 years of age of 428 East Adams street, received injuries which resulted in the amputation of his right foot yesterday in a freak collision between two yellow street cars and Gallego's truck at the intersection of Twelfth and San Pedro streets.

Gallego had stopped at the intersection to permit two northbound yellow cars to pass. A third street car, eastbound on Twelfth, crashed into Gallego's truck and sent it hurtling against one of the northbound cars. Gallego's right foot was so mangled in the crash that it had to be amputated at the Receiving Hospital. Sam Johnson, 56 years of age, motorman on the car which first struck Gallego's truck, told police that the brakes on his car failed to hold.

**SCREEN STUNT MAN STRUCK BY DRIVER**

Slim Cole, screen stunt man, 37 years of age, was treated at the Receiving Hospital for lacerations and abrasions on his face, arms, hands, shoulders and legs, after being struck by a hit-and-run driver. Cole was riding a motorcycle on Ventura Boulevard between Glendale and Calhoun when the accident occurred.

**BOWL HONORS ALFRED HERTZ**

Notables Gather Tomorrow for Breakfast

Pepper Tree Lane Will be Scene of Affair

Tribute to Conductor May Bring Surprises

Uniting all efforts to honor the man who for six seasons has given his talent and thought to the musical life of Southern California through his continued help and appearance as conductor at Hollywood Bowl, officers, directors, drive captains and workers, all the men and women who worked toward establishing Hollywood Bowl as a concentration point of symphony music, are going to pay honor to Dr. Alfred Hertz, the first conductor to lift a baton in the Bowl.

This honor, which, according to Mrs. Leland Atherton Irish, will represent the united wish of all Bowl workers, will take the form of an outdoor breakfast to be held tomorrow morning in the Bowl tea garden at the end of Pepper Tree Lane, where Dr. Hertz has for six seasons walked on his way to the Bowl stage.

**THOUGHT FITTING**

"Feeling that the sentiment of years of effort is bound up in the actual soil of the Bowl itself, this was decided upon as the fitting place for such an occasion," said Mrs. Irish.

Besides the Bowl drive workers who up to the very opening of the summer concert are expending every effort to sell the season-ticket books, all directors and officers of the association will be added in presiding by Mrs. Emerson Bond Weirick, campaign chairman, and by Mrs. Henry Holbrook, chairman of clubs.

**ON COMMITTEE**

The reception committee includes the following:

Mr. and Mrs. C. E. Toberman, Mrs. L. P. Keefe, Mrs. Maude Ward, Mrs. Howard Richter, Mrs. Joseph G. Brown, Mrs. J. B. Burman, Mrs. H. H. Christie, Mrs. Creighton Brown, Mrs. H. G. Redwine, Mrs. Ray Moore, Mrs. William H. Clifford, Mrs. Charles Penny, Mrs. Henry Holbrook, Mrs. George Hunt, Dr. Marian Tracie Whitting, Mr. and Mrs. Charles H. Thompson, Mrs. Nora Patterson, Mrs. Watson Merrill, Mrs. Corvill Routh, Mrs. H. J. Whitley, Rosa Whitley, Mr. and Mrs. Norman McKellan, Mr. and Mrs. Eugene Tilden, Mrs. Charles Haas, Mrs. Burdette Norton. Others are: Mr. and Mrs. Parker Foster, Mrs. W. A. Nickel, Mrs. J. W. Hofferling, Mrs. W. H. Gilbert, Mr. and Mrs. George L. Eastman, Mrs. S. W. Garrison, Mrs. E. B. Wakeman, Mr. and Mrs. W. E. Mosner, Mr. and Mrs. M. P. Palmer, Mr. and Mrs. A. J. Verheyen, Rev. and Mrs. Willis Martin, Rev. and Mrs. James H. Leah, Mrs. Fred M. Lettens, Mrs. Edward Cole, Mr. and Mrs. C. C. Craig, Mrs. Myra Shattuck, Mrs. Harriet Clay Peelman, Edna Ames, Ruth Clifford, Mrs. Walter G. Hudson, William Traeger, Perle Eddy.

**WAY SHOWN TO HALT TAX OVERCHARGE**

Attorney Urges Residents Here to Take Complaints Direct to Washington

"Income taxpayers of California are bearing more than their share of the tax burden," said W. W. Crane, local attorney, who has just returned from Washington, where he has been representing clients before government departments. "A given number of California's citizens with identical cases would pay more into the treasury than they would if they were, for example, citizens of Pennsylvania. The additional sums they would pay amount to many millions of dollars a year."

"I find that this fact is generally admitted in Washington. There is, of course, a reason for it. The reason is this: If the citizens of a State close to Washington takes exception to his tax he sends his lawyer to Washington, that lawyer meets representatives of the income tax or estate unit, and a settlement is made."

"On the other hand, the resident of California feels that he has been taxed \$10,000 to \$50,000 more than he owes. It is, however, a long way to Washington. An endless correspondence ensues. The parties to the dispute are worn down. In the end the tax as assessed is paid."

"It is not that the government is to blame, that it has any intention of doing the westerner an injustice. Any taxpayer will receive a sympathetic hearing. He can make any offer of settlement he may see fit. That offer, if it seems reasonable and proper, and has merit, may be accepted."

"There seems to be but one way short of going to court to avoid these excessive payments. That way is to go to headquarters despite that distance."

**PRODUCER AND ACTOR IN ACCORD**

Eddie Quillan Dismisses Suit Against Mack Sennett and They Part as Friends

Differences between Mack Sennett, motion-picture producer, and Eddie Quillan, comedian, have been adjourned out of court, it was reported yesterday with the filing of a dismissal of a suit brought by Quillan to enjoin Sennett from preventing him obtaining employment in other fields.

Quillan had instituted action to have the contract set aside on the ground he was a minor at the time he entered it. He declared Sennett had prevented him obtaining engagements with other producers by representing that he was under contract with Sennett.

The contract was dated November 7, 1926, and provided that Quillan was to receive a salary of from \$150 to \$700 a week during the time the agreement was in force.

Sennett's attorney had obtained a transfer of the case from Superior to United States District Court, but later they stipulated to dismiss the entire action.

While the terms of the reported settlement were not made public, it was learned from the office of Joseph Scott, attorney for Quillan, that Quillan had been released from the contract with Sennett. It was also reported that the comedian and the producer parted company as friends following the settlement of their differences.

**PROHIBITION ANGLE WILL BE DECIDED**

Appellate Court to Rule Whether Mere Possession Constitutes Crime

Whether the present interpretation of the Volstead and Wright acts in California by the police and courts in regard to the possession of intoxicating liquor is to stand unimpaired will be decided soon by the Second District Court of Appeal, Division One, as the result of a hearing yesterday in the case of Terry Adams.

Through Leroy Reames his attorney, Adams, in habeas corpus proceedings challenged the action of police in arresting persons for possession of liquor alone. It was maintained that mere possession is not a crime. Possession cannot be a crime, according to Reames's argument, unless sale, transportation, importation or exportation, or the intent to do these things, is alleged and shown. According to the law and United States Supreme Court decisions, Reames stated, it is not a crime for a person to have liquor if he intends to drink it.

Deputy City Prosecutor Gray declared the highest courts of the State and nation already have held that mere possession of liquor is prima facie evidence of a violation of the Volstead and Wright acts unless it can be shown that possession was maintained before the acts became law.

The case was ordered submitted when briefs are filed.

**Court Waits to Pass Judgment in Alcohol Suit**

The suit for \$9750 damages brought by E. Greenberg and his associates against Elmer E. Frost and others on a contract to purchase 1000 cases of rubbing alcohol at \$11 a case was taken under advisement yesterday by Judge Fleming of Superior Court.

Greenberg asserted that only about 250 of the 1000 cases ever were delivered and he sought to show that the defendants had violated the contract. The defendants contended that the alcohol had been taken from their warehouse during a robbery of the place, but the plaintiffs asserted it was their opinion that the alcohol had been taken from the warehouse prior to the asserted robbery.

Fred A. Fuller, a night watchman at the warehouse, was the last witness called by the defense. He testified robbers gagged him and tied him to a chair and that he heard what he believed to be two trucks carting away the alcohol.

**Way Shown to Halt Tax Overcharge**

Attorney Urges Residents Here to Take Complaints Direct to Washington

"Income taxpayers of California are bearing more than their share of the tax burden," said W. W. Crane, local attorney, who has just returned from Washington, where he has been representing clients before government departments. "A given number of California's citizens with identical cases would pay more into the treasury than they would if they were, for example, citizens of Pennsylvania. The additional sums they would pay amount to many millions of dollars a year."

"I find that this fact is generally admitted in Washington. There is, of course, a reason for it. The reason is this: If the citizens of a State close to Washington takes exception to his tax he sends his lawyer to Washington, that lawyer meets representatives of the income tax or estate unit, and a settlement is made."

"On the other hand, the resident of California feels that he has been taxed \$10,000 to \$50,000 more than he owes. It is, however, a long way to Washington. An endless correspondence ensues. The parties to the dispute are worn down. In the end the tax as assessed is paid."

"It is not that the government is to blame, that it has any intention of doing the westerner an injustice. Any taxpayer will receive a sympathetic hearing. He can make any offer of settlement he may see fit. That offer, if it seems reasonable and proper, and has merit, may be accepted."

"There seems to be but one way short of going to court to avoid these excessive payments. That way is to go to headquarters despite that distance."

**PRODUCER AND ACTOR IN ACCORD**

Eddie Quillan Dismisses Suit Against Mack Sennett and They Part as Friends

Differences between Mack Sennett, motion-picture producer, and Eddie Quillan, comedian, have been adjourned out of court, it was reported yesterday with the filing of a dismissal of a suit brought by Quillan to enjoin Sennett from preventing him obtaining employment in other fields.

Quillan had instituted action to have the contract set aside on the ground he was a minor at the time he entered it. He declared Sennett had prevented him obtaining engagements with other producers by representing that he was under contract with Sennett.

The contract was dated November 7, 1926, and provided that Quillan was to receive a salary of from \$150 to \$700 a week during the time the agreement was in force.

### SOCIETY

BY JUNA NEAL LEVY

Formal announcement is made this morning by Mr. and Mrs. E. J. Longyear of 1375 Hull Lane, Altadena, of the engagement of their attractive daughter, Miss Margaret Longyear, to Ralph Haworth Lutz of Palo Alto, son of Harry Lutz of Seattle, Wash. No date is set as yet for the wedding.

#### Church Ceremony

The marriage of Miss Dexter Virginia Harding to Paul Edwards Buchner, Jr., was solemnized at high noon the 18th inst., in St. Paul's Church, Berkeley, with Rev. Alexander Harvey Allen officiating, in the presence of close friends and relatives. The bride is the daughter of Mrs. J. J. Harding, who gave her in marriage, and attended the University of California at Berkeley, where she is a member of Chi Omega society. She was graduated from the Selma grammar school in Hollywood and has a host of friends in the Southland. The church was decorated with a profusion of flowers, shading from the deep rose to palest pink, and the altar was lighted by candles. The bride wore a gown of white tulle with small blue and white chiffon with small hat to match, and the bride carried a shower of orchids and lilies of the valley, while Miss Gladys Buchner, sister of the bridegroom, who acted as maid of honor, wore pink georgette and carried a pink gladiolus. Carlton Smith, vicar of Stockton served Mr. Buchner as best man.

A wedding breakfast at the Athens Athletic Club followed the ceremony, after which Mr. and Mrs. Buchner left for Western Canada. They had shipped their car to Seattle and will motor to Banff, Lake Louise and other points of interest. Mr. Buchner, son of Mr. and Mrs. Paul O. E. Buchner of Piedmont, is an alumnus of the University of California and affiliated with the Sigma Phi fraternity, and of the Seaboard and Blade honor fraternities. After their return Mr. and Mrs. Buchner will make their home in Piedmont.

#### Garden Party

Chi Omega alumnae society will entertain with a garden party to which the members will be guests at luncheon at the executive committee at the home of Mrs. George Alexander Kenny. Luncheon will be served in the garden beneath gay-colored umbrellas and the address will be charmingly carried out in a manner suitable for the out-of-door occasion. Mrs. Spencer Denington Turner, Mrs. Alexander Redford, Mrs. Mary K. New, Mrs. Harcourt Harvey, Miss Genevieve Rimpau, Miss Mildred Kenworthy and Mrs. George Alexander Kenny will be the hostesses of the afternoon.

#### Home Again

Mrs. George Little Daly of 181 North Le Doux Road, Beverly Hills, accompanied by her daughter, Miss Kathryn Emily Daly, returned to Los Angeles this week from an eastern trip, having been away for a year, the visit culminating for Mrs. Daly in a visit at Milwaukee, Wis., with her son, Le Grand F. Daly, while Miss Kathryn completed a year's study at University of Wisconsin. En route home Mrs. Daly visited her former home at Salt Lake City, and Miss Daly passed some time with friends in Chicago and Albuquerque.

#### Relatations

Mr. and Mrs. John Thomas Marsh are receiving congratulations over the arrival of the 10th inst. of a tiny daughter, who will be christened Cynthia Edwina Frances Marsh. Mrs. Marsh formerly was Miss Hermanna Marsh, daughter of Mrs. Dario Orna of 202 South Van Ness avenue, her marriage to Mr. Marsh taking place in December, 1925, in London, Eng. Mr. and Mrs. Marsh are making their home at the Orna ranch in Los Angeles.

#### Wedding Announcements

Miss Rose L. Miller announces the marriage of her sister, Rebecca Elvira Farnell, to Ernest J. Bishop, the ceremony taking place in Santa Monica the 18th inst. Mr. and Mrs. Bishop will be at home at Mrs. Bishop's home at 907 North Bay Front, Balboa Island.

#### Home From Trip

Mr. and Mrs. Walter J. McCormick have returned from a delightful trip to the Yosemite Valley and Russian River, and until the completion of their Hollywood home will make their headquarters at one of the seaside cities.

#### For Bride-Elect

In honor of Miss Dorothy Chalmers, who will become a bride of Dr. Elton Hankins in September, Mrs. Harold Pomeroy entertained Friday afternoon with a luncheon at the Jonathan clubhouse. An orchid and pink color scheme was charmingly carried out in the flowers and appointments, and those included were Miss Chalmers, Miss Babe Corda, Miss Roselle Jones, Miss Ruth Phillips, Miss Ruth Gentry, Mrs. Frederick Robinson, Mrs. Earl Boyett, Mrs. Baker, Miss Verne Snodgrass, Mrs. Henry Jones, Mrs. Solon Murray, Mrs. Tom Johnson, Mrs. Leona Kessler, Mrs. Joe Hirsch, Mrs. Wesley Caldwell and the hostess.

#### Home from Honey-moon

Mr. and Mrs. Charles Holmes, Jr., are returning Friday, July 1, from their honeymoon, which included in its itinerary Spokane, Seattle, Portland, Lake Louise, Banff, Vancouver and Victoria. They will pass the month with the latter's parents, Mr. and Mrs. Phillips, at their home, 725 North Rodeo Drive, Beverly Hills. Mrs. Holmes formerly was Miss Blanche Elsonor Phillips, the wedding being an event of May 28, in St. Mary's Church.

#### Graduation Gift

In honor of Miss Ruth Seelye, one of the attractive subdebs, who immediately following her graduation from Los Angeles High School summer class will leave with her mother, Mrs. Glenn Carr Seelye, for an extended tour abroad, Miss Ruth Seelye of Fourth avenue entertained the 18th inst. with a bridge luncheon at her home. The guests were all classmates of summer 1927, class at Los Angeles High. Mrs. Seelye and her daughter will visit in Scotland, England, France, Holland, Germany, Belgium, Switzerland and Italy. This trip is a graduation gift of her parents to the young subdeb.

#### For Visitor

Mr. and Mrs. Edward Benzendale entertained a number of friends with dinner party at the Mary Louise last week. Mr. and Mrs. Benzendale, with the latter's mother, Mrs. Jennette Jay Emerson, left for their home in San Diego last Wednesday, after having passed the winter there. The decorations were carried out

### SUBDEB HOSTESS AT LUNCHEON

Entertains Student of Eastern School

Miss Betty Howard

One of the most popular subdebs who is entertaining with delightful affairs this season is Miss Betty Howard, attractive daughter of Mr. and Mrs. William Francis Howard of Lafayette Park Place, who recently gave a beautiful apartment luncheon at the Los Angeles Country Club in honor of Miss Flora Hollingsworth, daughter of the William Irving Hollingsworth, who has just returned from school in Washington, D. C., and Miss Mary Jane Kahler, who is planning a summer trip in the East. Forty guests were bidden, friends and classmates of the hostess and honor guests, who were all students at Marlborough School.

The place favors were corsage bouquets of early summer flowers.

### CHEF WYMAN'S Suggestions for TOMORROW'S MENU

Every Friday at 2 o'clock Mrs. A. L. Wyman will conduct a free class and demonstration of good cooking in the lecture room of the Southern California Manufacturers' Exhibit, 130 South Broadway.

#### Breakfast

Cantaloupes  
Coddled Eggs and Bacon  
Corn Bread  
Milk  
Honey Coffee

#### Luncheon

Baked Slice of Ham with Apples  
Banana Salad, French Dressing  
Oup Cakes  
Dinner Tea

#### Dinner

Avocado and Celery Cocktail  
Veal Cutlets, Smothered  
Potatoes in Butter  
Braising Beans, Brinyard  
Apricot and Marshmallow Salad  
Brick Ice Cream and Maple Sauce  
Iced Coffee

#### BAKED SLICE OF HAM WITH APPLES

Place in a baking dish a slice of ham one and one-half inches thick, sprinkle top with one tablespoonful of dry mustard and two tablespoonfuls of brown sugar, add a tablespoonful of vinegar and one-half cupful of water. Bake forty minutes, basting often. When done, serve on hot platter, garnished with peeled baked apples or sliced pineapple.

#### NUT BREAD

One cupful of whole-wheat flour, two cupfuls of white flour, four teaspoonfuls of baking powder, one teaspoonful of salt. Turn the mixture into a bowl beat together one egg, one cupful of milk, one-half cupful of sugar, one cupful of walnuts broken in pieces, add the dry ingredients to this, let rise twenty minutes and bake in a loaf thirty to forty minutes.

#### CUP CAKES

One-half cupful of butter, one cupful of sugar, one and one-half cupfuls of flour, with a profusion of gold and white blossoms, ferns and tulle, and the affair was given rather in the nature of a farewell.

Mrs. Mary Meredith of Berkeley, sister of the hostess, assisted in receiving the guests, who included Mrs. Florence Collins Porter, Mrs. Florence Blood, Mr. and Mrs. Harry Chamberlain, Mr. and Mrs. A. Edward Mann, Mr. and Mrs. E. A. Kellogg, Mrs. Ida Koverman, Miss Nellie Kelley, John J. Kelley, Mr. and Mrs. E. C. Magauran, Dr. Marian Tracy Whitcomb, Mrs. Rose Bryant, Mrs. Viola Dimmitt, Mr. and Mrs. Rasty Wright, Mr. and Mrs. H. C. Cochran, Mr. and Mrs. Carlin Kerr, Mr. and Mrs. Charles Stephens, Mr. and Mrs. Robert Bruce Othmer, Mrs. George Bush, Mr. E. Stundiska, Mr. and Mrs. H. O. McCartney, Mrs. M. A. English and Dr. Helen O. Anderson.

#### Visiting Here

Mr. and Mrs. James M. Reese of Denver, Colo., are visiting in Southern California and while in Los Angeles will be guests for two weeks at the home of their uncle and aunt, Mr. and Mrs. Vernon M. Webb, at their home, 603 North Gramercy Place.

### YOUR BABY AND MINE

By Myrtle Meyer Eldred

Mrs. Eldred will be glad to answer all questions pertaining to babies and children. A stamped and self-addressed envelope, forwarded to this office, will bring a personal reply.

#### WEANING THE BABY IN SUMMER MONTHS

Unless the baby is weaned during the early part of June it is better to wait until July and August are past before starting the process. It is during these two hottest months that there is the greatest danger of changing the food and so no changes should be made then. If the baby is 9 or 10 months of age in July the weaning could best be done in June. If not the nutrition can be helped by giving small bottle feedings after the breast feedings and making up the rest of the nutrition with cereals, fruit juices and vegetable soup. These last two are extremely cooling and one whole feeding of vegetable soup can replace a whole nursing at 3 o'clock. Eight ounces is the right amount for this feeding. In addition to their other properties vegetables and fruits contain iron and other minerals and the danger of late nursing is that the baby shall not obtain from the breast milk the necessary minerals for his perfect growth. If the baby is not weaned until late in the summer, when the weather is hot, and fruits in his diet will offset that danger.

If one wishes to start the weaning process during late June it can be done this way. Give the baby a bottle feeding at 10 o'clock to replace the nursing at that time. Eight ounces is the amount for such a feeding and if the baby has never had cow's milk before it is wisest to begin with a formula that is only half milk and half water. One scant teaspoonful of sugar may be used with this eight-ounce formula. If in three or four days, the baby shows no signs of indigestion from this formula the bottle feeding may be changed to four and one-half milk and three and one-half water, same amount of sugar. In three or four more days make another change of half an ounce in strength of milk and decrease in water. It is better never to change the strength of the milk in one greater degree. If one goes upward cautiously the baby will not be affected, while rapid changes in strength may cause trouble. Then one will have to drop the milk feeding altogether or go back to the starting formula.

As soon as one begins with a bottle feeding the breast milk will tend to decrease. This is because there are less demands made upon the breast. So one must find that a second bottle will be essential. That is one reason why, unless it is necessary for the baby's health, one should not begin giving any bottle feedings in July or August because one may not find it possible to continue the nursing until September once weaning is started.

(Copyright, 1927, by Myrtle Meyer Eldred)

#### HOUSEHOLD SUGGESTIONS

##### Artificial Silk

Artificial silk can be detected by burning a sample of the material. Silk burns slowly and gives an odor like that of burning feathers. Artificial silk burns rapidly with a black odor of burning plastic. Artificial silk does not melt, strong or elastic as real silk, is weakened by washing and may even go to pieces in boiling water, so it is well to know the difference before purchasing quantities of doubtful material.

##### Housekeeping Lore

Keep olive oil in the refrigerator. Lingerie clips may be made at home by attaching the rosettes of the article with lemon juice and soap. Perspiration stains may be removed from white clothes by dampening the article with lemon juice and rub before the clothes are put into soap and water.

##### The Shine of Shoes will last longer

The shine of shoes will last longer if the shoes are rubbed with a soft cloth.

##### The Bread Knife

The saw-edged bread knife is a convenient implement to handle than a plain knife when cutting fresh bread. It can be made just as sharp as sharpened after as a plain knife and is certainly easier to handle than a plain knife.

##### What Vinegar Will Do

Vinegar on a cloth will clean linens. A tablespoonful of vinegar in the stove polish will make it shine better. A little vinegar in the water when washing clothes will prevent the whites from spreading and holding apart.

##### Long Distances

When sending parcels to distant points, it is wise to wrap them in several papers, each one addressed and tied like the outer wrapping. Then if in traveling they should lose their outer wrapping, the destination will still be known.

##### New Laundry

Oilcloth doilies are so practical to use for table covering for breakfast and lunch. They are dainty and attractive and yet can be wiped off after each meal and be just as good for the next appearance. They prove a great saving on laundry, especially where there are children at the table.

##### Kitchen Walls

Kitchen walls should be painted or else papered with a washable paper. The grease must be washed away or else the walls will require repainting each year, and this is quite an expense if ordinary paper is used.

##### The Growing Baby

If baby grows rapidly and his little woolen shirt shrinks almost as rapidly and become too tight in the arms and shoulders, slit the sleeves and underarm seams and insert the desired width of woolen material. Close seams again. A piece of material from one of the outgrown woolen socks will fill the bill.

##### Too Much Sweetness

Too much sugar will prevent ice cream from freezing quickly and will also prevent its becoming very hard even when frozen.

### DIET and HEALTH

by Lulu Hunt Peters, M.D.

#### ANSWERS TO CORRESPONDENTS

Constipation is due to many factors: Unbalanced diet, and one containing too little roughage, lack of exercise, constant taking of physical, irritated condition of the mucous membrane from some cause or another, lack of sufficient water, irregular time of going to the toilet, too much food, too little food, etc., are among the causes. The majority of those who suffer from constipation do so because of the lack of sufficient green vegetables and fruits and the whole grains which contain roughage as well as vitamins and mineral salts. But occasionally, the mucous membrane is so irritated that rough food irritates it still more, and in these cases a very smooth diet is recommended.

It not infrequently happens that some intestines are indolent enough to digest even the ordinary roughage, and for these, a seed known as DANDELION ROOTS or the psyllium seeds (don't try to pronounce the p.) or straight bran, are advised. Try under the name of the remedy, because the little seeds look like peas.

The psyllium seeds are seeds which grow from the psyllium plant, grown in Central Europe; therefore it is imported. The common name is Pilewort, because the little seeds look like peas.

When the psyllium seeds are moistened, they give off a tremendous amount of mucilaginous material, which serves to lubricate the bowel, and the seeds themselves furnish bulk. They can be taken in amounts as small as one-half teaspoonful, or in soup, or cereal. It makes a very good gruel with hot milk, and, for those who are reducing, a glassful of this concoction before going to bed makes quite a grateful little meal. (If you want to gain, take the whole milk with extra cream in it.)

Some firms put the seeds out under trade names, and others put them under the name of psyllium. Your druggist will order them for you if he hasn't them; if he doesn't know the names of firms who put them out, he will send you a stamped envelope to me and I will

send you a list of the manufacturers. Mineral oil is effective for constipation in many. This can be taken in the form of a mayonnaise or a French dressing, made from the regular recipe. It is not absorbed by the system, so you do not have to count any calories for it.

Certain foods are more laxative than others—such as prunes and apples. You will always be constipated if you continue to take physical, and you must remember, when you stop taking them, it will be three or four days before you begin to have relief. During this time, small enemas could be taken—a pint or more of water. To use large enemas over any long period of time may distend the lower bowel.

For some good exercises for the abdomen, send our article on the Abdominal Wall. (Enclose a.s. with request.)

DANDELION ROOTS  
F. wants to know if dandelion roots are good for one's blood. There is a preparation called taraxacum, which is obtained from the dried roots of the dandelion so called because the botanical name of the dandelion plant is Taraxacum. It is sometimes prescribed to "clean up" the stomach and stimulate the liver. However, you would probably get much better results by eating the dandelion greens rather than taking extracts of the roots, for all greens contain vitamins and mineral elements, and they also act as bulk for preventing constipation.

Tomorrow: Psoriasis.

My Dear Fellow: When writing for material for this column, I am often asked to send a self-addressed envelope bearing your full name and address. The envelope in question is the only one for which you must close it over as it is stamped extra. Address your letters to me in care of this paper. Make them as brief as possible, not over 200 words, and type them on one side only. Please do not use any ink or pencil on the reverse side as this will be used for the reverse side of the paper. I will be glad to answer your letters as soon as possible, but I cannot guarantee to answer all of them. I will be glad to answer your letters as soon as possible, but I cannot guarantee to answer all of them.

(Copyright, 1927, George Matthews Adams Service)

#### PARADE FASHION

NEW EVENING DRESSES  
HAVE TAILORED LINES

PARIS (AP)—Straight and nearly vertical in effect are some of the newest evening dresses. The simple lines of sport dresses have been adapted to lace and the new metal cloths which are being worn in many evening models. They differ from the daytime belts in their jeweled buckles.

METAL LACE CAPES  
LIKE GRANDMA WORE

PARIS (AP)—Circular capes, shaped like those our grandmothers wore, are made now in metal lace. They are shown by several fashionable dressmakers with evening gowns in lieu of scarves or evening jackets.

The capes tie demurely in front with intricate and elaborate jeweled pins and an artificial flower. Many of them are made of hand-made lace worked with gold thread.

#### NEW STOCKINGS ARE OF GOLDEN SHADE

PARIS (AP)—The stocking of pink tints is slightly relegated to the things of the past now and tans and golden shades are replacing the former tints of rose beige.

Even the belts of sport costumes are duplicated in the new dresses. One house has a program in which many evening models. They differ from the daytime belts in their jeweled buckles.

#### PARIS MANNEQUINS COVER THEIR EARS

PARIS (AP)—The day of the Bion crop and the sleek copiah cut is past with Paris mannequins. Hardly an ear is exposed in the salons of fashion now by the girls who model the styles. The hair is combed halfway over the ear, or covers it entirely.

Long-haired mannequins are in increasing favor, and one, at least, is to be found now in almost every establishment.

#### USE TWEED PURSES TO MARKET OR SPORT

PARIS (AP)—A new purse with a tweed covering and a leather interior has been brought out to carry with the new sport clothes. It is made in the same material as the costume, and makes a novel, neat hand bag for use on the golf course, or to carry when one goes marketing. Another advantage is that the tweed bag does not slide from under the arm as easily as leather.

#### HAND BAGS OF FELT LATE INNOVATION

PARIS (AP)—Paris is wondering whether the summer slump in the popularity of felt hats has anything to do with the appearance of a new felt hand bag which is shaped somewhat like a hat.

de and set in the oven. To make  
waid two cupfuls of milk, add two  
cupfuls of butter and  
cupful of salt; stir until lukewarm and add one cake of yeast dissolved in half a cupful of lukewarm water, and beat in enough sifted flour to make a drop batter about two and three-quarter cupfuls. Let stand in a warm place for four hours in a covered bowl, or until light; stir it down and add ground mullin and a dash of orange oil. Fill a two-quart mold with it. Let the batter rise to the top of the mold; turn with a pancake turner and bake a nice brown on both sides.

W. E. Pellows, advertising manager of the Oakland Post-Journal, has arrived in the city to conduct two-day sales convention of the Oakland - Portland Journal and to study at first hand the city's attitude of the company's radio newspaper campaign in Southern California.

Mr. Pellows is meeting a number of the nation to obtain personal information about radio sales and advertising.

"Newspaper advertising," he said, "has always been the backbone of the advertising plan of the Oakland - Portland Journal Company. Today we are planning to place our newspapers all over the United States, to sell our Oakland-Portland story. Evidence that our faith in newspaper advertising is justified can be drawn from the fact that Oakland, during the past year and a half, has had a phenomenal growth. We are planning to place the Oakland and Portland news during 1937 and to date we are well

Here are new zest and flavor...the condiment supreme  
to tempt the listless appetite!

The secret of this rare relish, known only in the Orient  
for 500 years, is now offered to you.

Put TOYO Shoyu SAUCE in salad dressings for new zest and delicacy. Add it to slices of tender, savory meat for a new palate-tickler. Use it as a flavoring in serving fish, vegetables. It makes the foods you like best, taste better.

TOYO SAUCE is rich in protein and vitamins, say noted health authorities... a beneficial food. Your Grocer has it for only twenty-five cents a bottle. Ask him today.

# Our First Anniversary Celebration

In honor of the formation of the West's largest food concern

JULY 1, 1926—just a year ago—the two foremost food distributing organizations in the West joined hands for the purpose of eliminating waste, increasing efficiency, improving service and lowering food costs to the public. It is a date of much importance to every family in ten western states because it marks the taking of the greatest forward step in the economical distribution of the necessities of life that the West has ever known.

Out of this fusing of the brain-power, training and financial strength of two great organizations having the same high ideals of service—this uniting of abilities, purposes and endeavors—has come the West's largest food concern and America's most efficient and economical method of retail food store operation.

The results have already been of untold benefit to the consuming public. In one year the savings effected through our united efforts and enormous facilities have run into staggering totals—savings that went into the pockets of our patrons in the form of materially lowered living costs. Many needless and expensive handlings of merchandise have been done away with, unsuspected loss and waste have been discovered and eliminated, quality has been brought under rigid control and a standard of service established that has no equal anywhere.

Our own growth has been equally satisfactory. During the year more than one hundred new units have been added, bringing the total to well over one thousand

at this time. We have extended our operations to the extreme eastern border of the state of Nebraska and within a few weeks we expect to be operating over the states of Kansas and New Mexico. Sales have increased from about \$50,000,000 annually to approximately \$75,000,000 and, the end is not yet!

In view of all these things we feel that we ought to celebrate—do something out of the ordinary in honor of this significant occasion. Therefore, on the dates named below, we will offer you the opportunity to effect unusual savings on your foods in order that you, too, may join with us in an appreciation of the good things thus far accomplished. Note the dates and prepare to stock up liberally.

May We Suggest Liberal Purchasing—Double Holiday

HEALTH MATTER  
FOR EDUCATIONSanitation Officer Must Be  
InstructorProf. Winslow Lectures to  
InstituteDaily Instead of Annual  
Clean-up Urged

That the sanitation officer should be an educator rather than an arbitrator enforcer of the law, was stressed by Prof. Charles E. A. Winslow in his address yesterday on "Sanitation in the Control of Communicable Diseases" before the Public Health Institute in its second week's session at Pacific Hall, 1818 South Figueroa street.

"Taking up a placard or prosecuting an offender for a sanitation nuisance, does not go very far," Prof. Winslow said. "The sanitation officer, like the visiting nurse needs to turn educator and explain the reasons and results of a menace to public health of a condition that should be eliminated. Then we can get a voluntary cleaning up."

An appeal for daily clean-up and continuous sanitation instead of annual clean-up week means brought forth a round of applause from the large audience of physicians, nurses and sanitary officers present at the institute.

In dealing with infection from communicable diseases, Prof. Winslow pointed out that the United States stands highest of the civilized countries in its sanitation cases. "Smallpox is clearly a disease of a democratic government. In an autocratic government where vaccination is arbitrarily enforced, the smallpox rate is relatively low," he stated.

Files and rats are the most dangerous factors in the spreading of disease, and every precaution should be taken to eradicate their breeding places, the health authority advised.

PROHIBITION ON NEW  
OIL FIELDS ASKED

The Beverly Hills Chamber of Commerce yesterday asked the Los Angeles City Council to prevent the opening of new oil fields in the Monte Vista district and other sections adjacent to Beverly Hills, in order to protect the homes owners in these districts.

## NEW CITY HALL DATA GIVEN

Public Works Board Figures Show Great Size;  
Historical Matter Indicates Local Progress

In connection with the construction of the new \$5,000,000 City Hall now nearing completion, the Board of Public Works has issued a statement of historical interest as well as showing the immense size of the new building.

Although the pueblo of Los Angeles was established on September 4, 1781, with a population of forty-four persons, it was not until 1853 that the city and county offices were housed in one building. It was a one-story adobe structure located on the northwest corner of Spring and Franklin streets, just across the street from the new twenty-eight story municipal building. In 1867 the county and district courts were moved to a two-story building located on the site of the new City Hall.

In 1894 the first City Hall was built at 213 West Second street and the building is still standing. In 1898 the City Hall now in use was built. In 1910 the first step was taken toward obtaining a site for the new City Hall when the Temple Block was purchased for \$500,000 and this land forms part of the site of the new City Hall.

The great size of the new building.

GAS CZAR IN  
SOUTHLAND  
APPOINTEDC. C. Brown's Decisions  
on Allocation of Fuel Will  
Be Binding

Claude C. Brown, gas engineer and adviser of the State Railroad Commission, yesterday was appointed by that body gas administrator for Southern California, a new position created by a recent decision readjusting local gas rates.

In his new position, Brown will be allocator of all natural gas available for distribution in Southern California. His orders will be binding upon the various gas companies and he will assign the amounts of gas each distributing company may use each day in order that there may be an equitable distribution during peak demands, according to the decision creating the office.

His salary will be \$425 a month and will be paid by the gas companies.

## SWIMS TO BE FREE

Plunges Will Be Open Two Times a  
Week Without Cost

Free swimming in municipal plunges for boys and girls of school age who are not able to pay the nominal fees charged at the public pools has been inaugurated by the Los Angeles Playground and Recreation Department on two mornings of each week.

A survey has disclosed that there are some children in certain parts of the city who are unable to pay the few cents fee and have been deprived of swimming pleasures. On each of the two mornings these children will have an hour and a half for swim reveals without cost.

## W.C.T.U. TO MEET

Miss Alida Bowler, secretary of the public-relations division of the office department, and Dr. Hillman of India will be the principal speakers at the local Women's Christian Temperance Union program Thursday at 2 p.m. at the First Methodist Church, Eighth and Hope streets. Special musical numbers have been arranged. It was announced by Dr. M. Len Huichina, president.

PAIR FACING  
ACCUSATION  
OF PERJURYComplaints on New Count  
Follow Dismissal Here of  
Mann-Act Charge

Commissioners' complaints charging perjury against James H. Alneough and Evelyn Everett were issued yesterday by United States Commissioner Head following a dismissal of a Mann-Act charge that had been brought against Alneough for the asserted transportation of the 19-year-old girl from Portland, Ore., to this city for immoral purposes.

When Alneough was arraigned to face the Mann-Act charge, Miss Everett denied that she had made a confession to Department of Justice agents regarding illicit relations with Alneough. After the case was dismissed, Department of Justice agents presented evidence to Commissioner Head which resulted in the issuance of perjury complaints.

Deputy United States Marshal Walsh rearrested the couple and Commissioner Head set bonds at \$5000 each. Date for preliminary hearing was set for August 3.

Youth Arrested  
as Suspect in  
Grand Larceny

Declared by authorities to have been living on his spoils at a fashionable downtown hotel, David Stocker, 18 years of age, whose home is 1714 1/2 Ottawa street, was arrested yesterday on a grand larceny warrant charging theft of an automobile. Jewelry and other articles in his hotel room valued at several thousand dollars also were found, according to police records.

Stocker also is identified as having robbed homes in Hollywood, Wilshire, Long Beach and at Fourth and San Jose, according to Detective Sullivan and Hoff, who made the arrest.

## PARKING BAN ASKED

Property owners yesterday asked the City Council to prohibit the parking of vehicles on Orchid avenue from Hollywood Boulevard to Franklin avenue.

## UNIVERSAL WILL LOSE STAR

Hoot Gibson Will Not Renew Contract for Western Films;  
Shirley O'Hara Is New Cinderella Girl;  
Chaney Opus Has New Title

BY MARQUIS BUSBY

There's going to be one less cowboy on the range out at Uncle Carl Laemmle's ranch at Universal City.

Universal is going to lose its Hoot Gibson, coincident with the expiration of his present contract the first part of October.

This surprising information was given yesterday by Hoot himself just prior to his departure for Alameda where he has gone on location for his next story.

Dissatisfaction with the type of stories he has been compelled to appear in during the past year, combined with limitations placed upon his production costs, has led to his decision to leave Universal.

I learned that efforts are being made by Universal executives to influence Gibson to reconsider his determination to leave. A new contract as tendered him by General Manager Henry Henigson would enable the western star to form a unit of his own to produce under the Universal organization.

The disagreement in the latter instance seems to lie in the amount allotted for each production.

Gibson further revealed that he is seriously considering an offer from a syndicate of European film magnates who are anxious to capitalize on his box-office standing abroad.

During the last two or three years Hoot Gibson has become one of the most prominent members of the whistler pants and sombrero-hat fraternity.

## The Luck of the Irish

Shure any ally even with a name like Shirley O'Hara should have no trouble about his picture.

And she probably will not be. Shirley O'Hara, as Irish as her name, has just been signed by Metro-Goldwyn-Mayer to play the lead in a picture.

Although the picture is as yet untitled, it is I believe a new version of the ill-fated "A Certain Young Man" which was made by Metro-Goldwyn-Mayer with Ramon Novarro, and for some reason, never released generally.

Coming back to Shirley, she is so much of a newcomer in Hollywood that as yet no local restaurant has got around to naming a sandwich for her. She has been seen briefly in some two-reel westerns where she fought for footage with a male star and a horse, and some times a bunch of horses.

One of these tabloid horse operas came under the eye of Frank Busby, casting director at the Paramount studio, and after one test Shirley received her big opportunity.

H. D'Abadie D'Arrest, who directed Menjou's last feature, "Service for Ladies," will again megaphone. Others in the supporting cast are Ivy Harris, Lawrence Grant, Arlette Marchal and Nicholas Rossomay.

## Title Is Changed

Although there is a total dissimilarity in names, "Mystery" is to be the title of Lon Chaney's newest starring vehicle now being directed at the Metro-Goldwyn-Mayer studios by Benjamin Christensen, according to an announcement from the office of Irving O. Thalberg.

The picture was started under the working title of "Terror," which was kept until a final title was decided upon. It is a story of the Russian revolution, with Chaney in the role of a strange, hermit-like peasant, who, through a strange trick of fate, is plunged into the big part in making the revolution against aristocrats.

Barbara Bedford plays the leading feminine role in the production, in which appear Ricardo Cortez, Mack Swain, Emily Fitzroy, Charles Puffy and others.

## "Fajamas" in the Rockies

"Although I confess I can't see what 'Fajamas' has to do with the outdoor scene, many of the exterior scenes of this forthcoming Fox production will be made at Lake Louise in the Rockies, the star, La Verne, is now in New York and will leave Friday for this resort.

Jack Blystone, who will direct, is now in New York and will join the cast at Lake Louise.

De Lacy As Her Son  
"Anna Karenina" seems continually popping up at Metro-Goldwyn-Mayer. Now they are making it, and the next day activities are at a complete standstill. Yesterday was one of the progressive days and the announcement was forthwith made that De Lacy, that skillful child actor, has been signed to do the role of Orestes in the opus.

Young De Lacy, just 10 years of age this summer, has been playing cost parts in pictures for more than seven years. He recently appeared in "Zat Se" for Fox and "Old Heidelberg" for M-G-M.

## Completes Unusual Story

Frank O'Connell yesterday completed "Beautiful But Dumb" by Cecil De Mille and today starts work on the editing of the Vera Herold vehicle, which has attracted unusual studio attention during its filming.

"Beautiful But Dumb" is a Richard Harding Davis yarn, which presented extraordinary difficulties in its making, due to the fact that parallel stories are told dealing with both canine and human characters. The

story itself is told through the eyes of a dog, "Hank," who, in a sense, is the hero of the tale.

The cast which O'Connell plotted through this picture, acclaimed striking a novel note in cinematic, is a small one including, other than Miss Reynolds, Kenneth Thomson, Claire McDowell, Majel Coleman and Ethel Wales. The canine characters are Hank, Regent Royal and Trivia.

June Mathis Departs  
June Mathis left last week for New York, where she is to visit her grandmother, who is in ill health. Miss Mathis left at once on receipt of a telegram to this effect.

A wire received yesterday by Balboni, the director, Miss Mathis's husband, from friends of the grandmother, is, however, to the effect that Miss Mathis's relative is recovering. So it is likely that June will have a pleasant stay in the East after all.

Another Paramount Junior  
James L. Lasky's policy of giving his new Paramount Junior Stars of 1927 first consideration in casting of important roles, is working.

With three of them already cast in other current productions, the fourth, Nancy Phillips, was given an important role yesterday, according to an announcement by Bernard Frostman, acting in the absence of E. P. Schulberg.

Miss Phillips will play the role of the sweetheart of the gang leader in Thomas Meighan's as yet untitled Paramount picture which James Cruze is directing.

John Clayton Poole Busy  
John Clayton Poole, whose novel and beautiful stage settings and costumes in Louis Macdonald's production of "Peggy Ann" at the Music Box are calling forth delighted comments, is starting work on the costumes and settings for "Hit the Deck," which will be the Macdonald's next Music Box production.

JAPANESE ORDAINED  
CHRISTIAN MINISTER

CLAREMONT, June 27.—A unique service was held at the Claremont Community Church yesterday when Francis Endo, a young Japanese student, who was graduated by Pomona College this month, was ordained as a minister of the Christian gospel.

Representatives from several Japanese churches in Southern California participated in the service. The ordination sermon was preached by Dr. Robert C. Denison, professor of philosophy at Pomona College.

Francis Endo has announced that he plans to spend his life as a minister among his own people. He will return to Japan in the near future. Japanese congregations participating in the service were from Santa Barbara, Riverside, San Diego and Long Beach.

DE MOLAY LODGE IN  
HANFORD ORGANIZED

HANFORD, June 27.—A De Molay organization was effected in this city last Saturday by representative Master Masons and members of the De Molay from different parts of the State, which is expected to become State-wide and do much for the good of the De Molay order.

The meeting was called by Frank H. Graves, adviser of Hanford chapters. Permanent organization was effected by the election of Robert L. Montgomery of Hanford, president; J. J. McDonald, San Jose, first vice-president; W. E. Bonnett, Fresno, second vice-president, John Leas, Fresno, treasurer, Glenn Kennedy, Stockton, secretary.

WOMEN ENJOY SEEING  
BABE KNOCK HOMERS

Every day is ladies' day at any ball park when Babe Ruth is on the diamond. There is a spectacular quality about the Bambino's swatting, which has played a big part in making the national game a greater favorite with women generally.

When he hits the ball, he does it with gusto. When he makes one of the home runs which have made him famous, there is always a breath-taking moment of suspense before the big climax.

Ruth's swatting is recorded on the screen in "Babe Comes Home," a baseball comedy at the Uptown Theater this week.

AMERICAN LEGION TO  
HOLD INITIATION

BREA, June 27.—Twelve ex-service men who have recently joined the American Legion post at Brea, are to be officially put on the membership list by initiation tomorrow night. A team from Anaheim Post, No. 72, will have charge of the ceremony and will bring along several Anaheim candidates to initiate at the same time.

On account of the large number expected to be present, Adjutant George Friend announces that the Boy Scout cabin in the Brea Bowl will be used and urges all who have not taken the obligation to take advantage of this opportunity.

SHIP FIRST FLAG  
REKETER, June 27.—Said to be the first car of Black Mission age to be shipped out of California this season, a car containing 2200 boxes of the fruit left this city en route for New York, expected to be on the eastern markets by the 30th inst. The fruit is handled by the Pioneer Fruit Company. The first car sold last year brought \$5000.

A GIFTED ACTRESS  
Lucille La Verne as the Widow Cagle in "Sun-up" at the Regan Theater gives one of the strongest performances the Los Angeles stage has seen in many years, it is reported.

Miss La Verne's interpretation of the woman whose life has been embittered by the murder of her husband stamps her as most critics have agreed, a truly gifted actress.

CONTINUES AT CAPACITY  
"The Shanghai Gesture," a powerful melodrama of the Chinese underworld, with the popular stage favorite, Florence Reed, as Mother Goddam, the central role in this unusual production which has played to virtually capacity attendance since the first performance, will enter upon the third week of its brief Los Angeles engagement Sunday night at the Biltmore Theater.

# Poor Health Forces Gov.-Gen. Wood to Prolong Visit to President

Gov.-Gen. Leonard Wood is a Sick Man. On his recent visit to the summer White House, the Governor-General of the Philippines was unable to leave on schedule time, so serious was his condition. In this photo, showing him with the President at the South Dakota game lodge, he clearly shows that he is far from normal physically. Incidentally, note the "ten-gallon" hats. (Rise photo.)

During His Visit to the President, this close-up photo of Gov.-Gen. Wood was taken. The famous old soldier shows his years. (Rise photo.)

The Entrance to the Prison Coal Mine at Kansas Penitentiary, Lansing, Kan., where 328 convict miners went on strike and remained underground with fourteen of their guards held captive, for seventy-seven hours is shown above. Hunger drove the convicts to surrender after they had severely beaten the leaders of the mutiny. (Acme.)

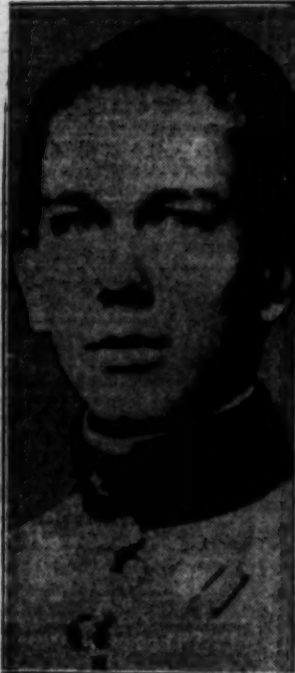

A Beach Sport With a Lot of Kicks is shown above, which requires a high degree of skill and recompenses the expert. The group photo was caught by the camera on San Diego Bay. (Acme.)

The Prevention of Tuberculosis is a certainty of the near future, according to Dr. Frederick Eberson of University of California, who announces a new serum which neutralizes poison of tuberculosis germ, if patient is treated before advanced stages of disease. (P. & A. photo.)

Weds Self-styled Count—Josephine Baker of New York, negress entertainer, recently was married to "Count" Pepito Di Albertino, who lays claim to Roman lineage. (P. & A. photo.)

He Would be King! Archduke Otto, oldest son of ex-Empress Zita of Austria, who is being thrust forward as legitimate heir to Hungarian crown and throne. (Acme.)

Finger Wave Bob will be displayed by Elanora Carter in the hair-dressing contest staged by international beauty operators at Cinderella Roof Wednesday night.

Will Col. Lindbergh Cast His Lot With Government Air Service. "Lindy" knows yet, but the fact that the famous young aviator's preference with government aviation heads on several occasions is a sign of his ability. Here he is (second from left) with Edward P. Warner, Cracken and Trabee Davison, all high officials. (P. & A. photo.)

A Real High Flyer is Mma. Luba Phillips, who recently established a new altitude record for women when she flew a giant three-motored plane to a height of 11,000 feet, breaking her own previous record of 8500 feet. (P. & A. photo.)

Hand-painted Shaving presented to Will Rogers, who leaves the hospital, as a sign of gladiolus bearing his show. Carmen Edwards and blossom in above photo.

Only a Few Relatives and Friends Were Present when Senatore Guglielmo Marconi, inventive genius who gave the world wireless telegraphy, led the Countess Maria Cristina Bezzi-Scali to the altar at Rome recently. Photo shows couple immediately following ceremony. (P. & A. photo.)

The Honor of Entertaining the Thousands of Delegates Who Stop Here for three days next month, en route to fiftieth annual convention of the Royal Arcanum at Seattle, has been conferred upon the Royal Arcanum orchestra of Occidental Council. Photo shows E. F. Christensen, Regent, presenting trophy won by orchestra in competition for honor.

## OUR HISTORY IN PICTURES 754

Grant, the Cadet.

by J. CARROLL MANS

WHEN ULYSSES GRANT WAS SIXTEEN, HE RECEIVED AN APPOINTMENT TO THE UNITED STATES MILITARY ACADEMY, AND IN THE SPRING OF 1839 ENTERED WEST POINT AS A CADET.

YOUNG GRANT LIKED THE RIDING, THE DRILL AND THE STUDY OF MILITARY STRATEGY, BUT NEVER STOOD VERY HIGH IN HIS CLASSES.

IN ONE SUBJECT, GRANT SAID, IF THE CLASS HAD BEEN TURNED THE OTHER END FOREMOST, HE SHOULD HAVE BEEN SOMEWHERE NEAR THE HEAD.

FOUR YEARS PASSED, AND GRANT GRADUATED FROM WEST POINT WITH THE RANK OF SECOND LIEUTENANT. IN 1844, HE RECEIVED HIS COMMISSION AS AN OFFICER IN THE ARMY. TWO YEARS LATER HE WAS ASSIGNED TO THE TEXAS MILITARY POST. GRANT WAS IN THE MEXICAN WAR, AND GRANT WAS IN THE CIVIL WAR.

# President

## WORLD DOOMED BY WAR ARISES

Small Tells City Club Possible Horrors

Small Held Necessary Prevent Debacle

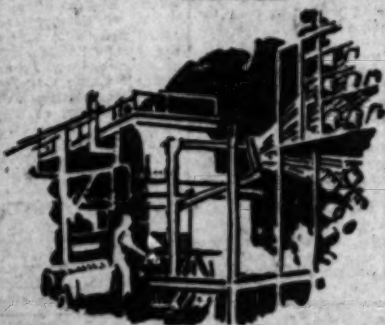

Small Peace Treaty Explained

Small the next possible international war, as many times more than the recent world conflict, and T. Shotwell, professor at Columbia University, said in his address to the City Club.

Small said that the world is now in a state of tension, and that the only way to avoid a world war is by the signing of a peace treaty.

## UNITED STATES TIRES ARE GOOD TIRES

Putting plenty of the right kind of rubber in the right place is a most important element in the building of United States Tires. This Web Cord machine soaks all the Cotton Cord for Royal Cord Balloons with pure rubber latex.

Get more for your money

If you were building a tire for yourself, you would not skimp on rubber. Neither do we. This Company owns enormous rubber plantations—including the largest producing plantation in the world. On these plantations are 10,000,000 rubber trees—pedigreed stock. We have invented Sprayed Rubber—the outstanding process for producing rubber. Sprayed Rubber is the strongest and most uniform rubber known. It is made without the use of smoke or acids. We have invented Web Cord, the most modern way of combining rubber and cords. The policy of "Plenty of Rubber" plus the ability to get the rubber and the skill to put the right kind of rubber in the right place, shows itself in the quality of Royal Cord Balloons on the wheels of your car.

## LINDBERGH STATUE PLANNED

Ball Post, No. 130, American Legion, is sponsoring a movement to erect in one of the Los Angeles city parks the first monument in the country commemorating the epoch-making trans-Atlantic flight of Col. Charles A. Lindbergh, according to H. B. Lull, past commander of the post and chairman of the committee in charge of the monument campaign.

This movement, Lull announced, has the endorsement of Lieut.-Gov. Pitts, Carl A. Stutzman, president of the Municipal Court, Capt. Harry E. Insley, commissioner of police, Frank Whitehead, lieutenant-governor of Kiwanis Clubs, and a number of other prominent residents of the city and State.

Co-operating with the Legion post will be the Ladies' Auxiliary and, it is expected, other patriotic organizations. The committee, of which Mr. Lull is chairman, includes C. W. Ricketts, Paul E. Benjamin, C. C. McGonigle, Edwin Cramer, William Marsh, Dr. O. M. Moore and Judge Stutzman.

The plan to raise the funds will be through the sale of a Lindbergh memorial button in an extensive campaign. The monument is proposed for a park to be determined by the city authorities. It is contemplated holding a competition among local artists for a suitable design for the proposed memorial.

Dr. Shotwell explained the dispute at once offer to submit the dispute to peaceful settlement or to comply with an arbitral or judicial decision. Provision is made for the safeguarding of the Monroe Doctrine. Explaining the arbitration and conciliation clauses, Dr. Shotwell pointed to the fact that these do not apply to matters which, under international law, "are solely within the domestic jurisdiction of one of the high contracting parties," as, for instance, Japan's immigration.

"I do not come to you as a pacifist, nor do I propose compulsory arbitration as an alternative to war in every issue," said Dr. Shotwell. "However, the world must find some way to

## SHOWS COURAGE OF CONVICTION

Stole Cash, Served Term, Now Takes Pains to Match Charge Avers

Bernard Palacios believed in the eternal stoniness of things, according to a complaint filed against him yesterday by Dep. Dist. Atty. Thomas, charging petty larceny with a prior conviction.

It is charged that Palacios on the 20th inst., had finished serving a six months' sentence in the County Jail for stealing a coat. On the 24th inst., it is charged, he entered the store of Harry Cohn on North Broadway, and was walking out with the pants to match, when he was caught by a salesman. He is under arrest.

Palacios is charged with stealing a coat. On the 24th inst., it is charged, he entered the store of Harry Cohn on North Broadway, and was walking out with the pants to match, when he was caught by a salesman. He is under arrest.

## Mrs. Woodruff, Contributor on Economics, Dies

Following an illness of several years, during the last month of which she was confined to her bed, Mrs. Clara Hawks Woodruff died yesterday morning at her home at 630 South Rosemead avenue.

Mrs. Woodruff first came here to make her home about twelve years ago. She was born in the family are members of the Mayflower Association. She had been a writer in former years and was associated with various Buffalo papers at different times as a regular contributor on current economic, political and social questions. She was the author of one book, "The Life of Power."

Mrs. Woodruff was one of the persons who founded the Federation of Women's Clubs in New York and at one time she was secretary of the Audubon Society. During her life here she contributed to one of the Los Angeles papers for a time, and she had also made an extensive study of California wild flowers.

Mrs. Woodruff leaves a daughter, Miss Mildred Woodruff, who lived with her mother at the family home, and a son, R. H. Woodruff, of 838 South Rosemead avenue.

Funeral services will be conducted tomorrow at 2 p. m. at the Little Church of the Flowers in Forest Lawn Cemetery in Glendale, under the direction of the W. A. Brown funeral parlor.

## STORES TO CELEBRATE

Railway Will Observe Its Merger Anniversary

Celebrating the first anniversary of the consolidation of the Railway Stores with the Skaggs system, 450 stores throughout Southern California will carry special merchandising features this week, according to Edward Dale, vice-president of the firm.

Since the merger July 1, last, the annual volume of sales has increased from \$60,000,000 to \$75,000,000 and approximately 100 new retail units were opened, bringing the total number of stores in operation to 1000. Within the last three months, \$140,000 has been paid in bonuses under the plan inaugurated at the instigation of President B. M. Skaggs, in which more than 1000 store heads have become partner-managers. The system has become such an unusual innovation that numerous business leaders of the country are now considering its adoption.

## ATTORNEY ACCUSED

Former Federal Official Enters Detail to Intoxication Charge

Duke Stone, local attorney and former assistant United States Attorney, was accused of driving an automobile while intoxicated in a complaint issued yesterday by Dep. Dist. Atty. Terrell.

It is charged that while the attorney was driving at night along a street in Lankershim, his car ran into another one, causing slight damage. Mr. Stone asserted that he was not intoxicated and that the issuance of the complaint was a mistake. He will appear before Municipal Judge Ambrose for arraignment today.

## DIVORCE SUIT CHARGES

POISONING OF COFFEE

Marguerite Lophow was a difficult person to get along with, according to her husband, Ernest Lophow. He has submitted the situation to the Superior Court in a suit for divorce filed for him yesterday by Attorney H. B. Duncan.

Mr. Lophow, he complains, put carbolide acid in his eyewash and poison drops in his coffee. He asks the court to declare it cruelty.

## NURSE HELD IN ILLEGAL OPERATION

Faces Charge of Murder Following Matron's Death in Santa Monica

Martha A. Signor, beach city nurse accused of performing an illegal operation which ended in the death of Mrs. Snyder Rangel, 1746 Seventeenth street, Santa Monica, yesterday was ordered held to the Superior Court by Municipal Judge Baird for trial on a charge of murder.

In holding the woman to the higher court on the felony charge, Judge Baird allowed a reduction in bail from \$10,000 to \$5000.

According to testimony introduced by Dep. Dist. Atty. Crail and Fisher, the Santa Monica matron died on the 18th inst., as a result of the operation performed the day before by the defendant. Beach city doctors called to the stand testified as to evidence of such operation being found when they were called into attendance on the dying woman.

Angel R. Rangel, husband of the dead woman and complaining witness, also testified, and was followed by Detective Lieutenants Stockel, Green and Watson, the arresting officers.

Following the close of the prosecution's case, which was unusually brief, defense counsel signified the intention of waiving defense testimony for the preliminary hearing and Judge Baird immediately bound the woman over.

## Hit-and-Run Car Injures Autoist in Culver City

J. I. Johnson, 48 years of age, 323 1/2 Berendo street, was in a serious condition yesterday after being struck by a hit-and-run driver in the heavy fog on Washington Boulevard in Culver City early yesterday morning.

He had stopped to wipe the windshield of his car when a large black closed car sped past and crashed him on the hood of his own automobile, according to Mrs. Johnson and two children, who were in the car.

Johnson was removed to the Emergency Hospital at Culver City, but was unable to receive treatment, as the hospital was not yet opened. At the Receiving Hospital here it was found that he had both legs fractured, a fractured pelvis and injuries to his head and body which may cause his death.

## ORPHAN CHILDREN TO

SEE DUNCAN SISTERS

With all creeds and denominations represented, orphans are to have an opportunity to see and hear the Duncan Sisters and to see "Topsy and Eva" as guests of Eld Grauman. He will stage a series of the sister parties when the parentless children will be entertained as his guests in the Egyptian Theater. This afternoon the first of the series of parties will take place when 100 youngsters from the Jewish Orphans Home of Southern California will visit the Hollywood playhouse.

## NEW BUYER FOR COULTER'S

G. B. Whitney has assumed charge of departments at Coulter Dry Goods Company, as manager and buyer of Hosiery, was goods, domestic and draperies. He comes from F. R. Schlesinger & Sons, being connected with the Oakland, Portland and Tacoma stores of that chain, where he acted in similar capacity. He has had experience in several Pacific Coast stores, with Buham's at Long Beach and B. M. Bingham's (Boston Store) San Diego. Mrs. Whitney and family will move to Los Angeles as soon as disposition can be made of their Oakland home.

PLANE JOURNALS ACROSS STATE

Cleveland Sends First on Western Trip

To Participate in Air at Santa Ana

Pretty School Marm Long Hop

SANTA ANA, June 27.—The several airplanes of the local aviation group, headed at Martin's Airport, today at 4 p.m. and got on a telegram received at the headquarters today.

The plane, the City of Cleveland, owned by the Cleveland Airplane Company, and the Glenn H. Curtiss plane, owned by the Curtiss Aeroplane and Motor Company, were the first to leave the airport today.

Planes are also expected to leave from Spokane and from the Long Beach. Miss Marm, 25-year-old Miss Marm, is the first to leave the airport today.

Chocolate-Covered Cherries

By Bill Conselman and Charlie Plumb

GOODBYE, YOU DEAR LITTLE CHERUB - I HOPE YOU'LL FORGET ME!

WHO COULD FORGET A PLATTER LIKE THAT? IF SHE DOESN'T KEEP HER NOSE OUT OF HER GLASS WHEN SHE DRINKS SHE'LL DROWN!

THAT WAS EASY! NOW FOR A HOTEL AND THE RICHEST BOX OF CANDY IN THE WORLD!

MMM - CHOCOLATE CHERUBS! WATERMELONS!

SOME LOW-DOWN CROOK HAS DOUBLED-CROSSED ME! THE CHOCOLATE ARE HERE BUT WITHOUT THE STONES!

Among the Missing

By Branner

PATSY, I'VE BEEN WORRYING OVER YOU ALL NIGHT! WON'T YOU PLEASE TELL ME THE WHOLE TRUTH? I WANT TO HELP YOU ALL I CAN!

I CAN'T BRING MYSELF TO TALK ABOUT IT!! I GET SICK EVERY TIME I THINK OF IT!!

WELL, ALL I CAN SAY IS THAT ANY MAN WHO MARRIES A FINE, GOOD, SWEET GIRL LIKE YOU, AND THEN, RIGHT AFTER THE HONEYMOON - LEAVES HER -

- IS NOTHING BUT A CUR!! MIKE MULLIGAN IS A SHAMELESS, UNAPPRECIATIVE BRUTE!! HE'S AN UNGRATEFUL CAD!! HE'S THE WORST -

STOP!

I CAN'T LET YOU TALK LIKE THAT ABOUT MY GREAT BIG DARLIN' HUSBAND!

GOOD NIGHT!! I QUIT!!

GOOD NIGHT!! I QUIT!!

GOOD NIGHT!! I QUIT!!

GOOD NIGHT!! I QUIT!!

GOOD NIGHT!! I QUIT!!

GOOD NIGHT!! I QUIT!!

GOOD NIGHT!! I QUIT!!

GOOD NIGHT!! I QUIT!!

GOOD NIGHT!! I QUIT!!

GOOD NIGHT!! I QUIT!!

GOOD NIGHT!! I QUIT!!

GOOD NIGHT!! I QUIT!!

GOOD NIGHT!! I QUIT!!

GOOD NIGHT!! I QUIT!!

GOOD NIGHT!! I QUIT!!

GOOD NIGHT!! I QUIT!!

GOOD NIGHT!! I QUIT!!

GOOD NIGHT!! I QUIT!!

GOOD NIGHT!! I QUIT!!

Giving Away the Bride

By Willard

EDGAR! I DO WISH YOU WOULDNT BOIT AND RUN LIKE A BASTYD EVERY TIME YOU SEE MY UNCLE OSCAR. COMING NOW AND I AM SURE HE WILL DO SOMETHING HANDSOME IN THE WAY OF A WEDDING PRESENT. REMEMBER UNCLE OSCAR IS A VERY WEALTHY MAN.

WELL, I WAS JUST WONDERING IF HE WAS GOING TO CAME WITH US AFTER WE'VE MACHED UP ENNY.

OH DEAR ME NO. HE WILL BE GLAD FOR US TO TAKE AN APARTMENT AS A MOOSE EXCLUSIVE NEIGHBORHOOD. HE MIGHT EVEN PURCHASE IT FOR US - AND WE WILL HAVE A BEAUTIFUL, BIG BLUE LIMOUSINE TOO! WONT WE, EDGAR?

I GUESS WE WILL, ENNY. THAT IS IF YOUR UNCLE OSCAR IS WILLING -

OF COURSE HE WILL BE WILLING.

TO PAY FOR IT!

TO PAY FOR IT!

TO PAY FOR IT!

TO PAY FOR IT!

TO PAY FOR IT!

TO PAY FOR IT!

TO PAY FOR IT!

TO PAY FOR IT!

Looks Like the Boy Overtrained

By Carl Ed

IT SEEMS SO GOOD TO HAVE MY SHERKIE BACK AGAIN FROM THE MILITARY CAMP - YOU LOOK SO BIG AND STRONG AND STRAIGHT, PRECIOUS PIE - ILL BET YOUR CHEST HAS GROWN THREE INCHES!

YEN! AND I GAINED TWELVE POUNDS TOO!

I'VE USED A ROUGH AND READY LIFE THESE PAST FEW WEEKS. BEEN UNDER FIRE, TOO - I COULD DIVE INTO ANY OCEAN AND FEEL RIGHT AT HOME!

OWOW! I'M SHOT!

DAMNABIT - I JUST BUSTED A RADIO TUBE - HAVE YOU A SPARE 201A AT HOME, HAROLD?

## Lake Gives Up Bodies of Two

# Drowned Boys

After hundreds of men had joined in dragging Lake Elsinore the bodies of two Los Angeles boys, Elmer Miner, 30 years of age, 1941 East Seventy-seventh street, and John A. Lawiner, 18, Forty-fourth and Cumpston streets, drowned Sunday when their rowboat capsized, were recovered yesterday.

Elvin Miner, 18, brother of one of the boys, was rescued by two Los Angeles girls who saw him clinging to the overturned John A. Lawiner, 18, who was exhausted and barely able to hang on when they arrived.

Elmer Miner was employed at the Rio Hondo Golf Club and Lawiner was a cabinet maker for the Weber Show Case Company of this city.

A coroner's jury which conducted an inquest yesterday found that the deaths was accidental. The bodies were brought here for burial.

## PASTOR HOLDS BIBLE NO LAYMAN'S BOOK

### FORUM SPEAKER DECLARES FEW CAN UNDERSTAND HOLY WRIT

The Hollywood Forum under direction of Dr. Sheldon Shephard met last night at the Hollywood Chamber of Commerce, 6520 Sunset boulevard, where Dr. Lloyd Dunsen, pastor of the First Congregational Church of Los Angeles, as principal speaker.

Dr. Douglas spoke on "The Infancy of Great Facts" and brought out the fallacy of placing the Bible in the hands of the average layman and that it is better to derive spiritual help from it.

The Hollywood Forum meets every Monday night and the next discussion follows the main address. No meeting will be conducted on July 4, but on July 5, Dr. Frederick W. Homan, teacher and author, will have as a subject, "Is America Playing the Shylock in Europe?"

## TRAIN STRIKES AUTO

### Woman Seriously Injured and Driver of Car Disappeared

Mrs. Olive B. Nichols, 31 years of age, of 644 East Ninety-fifth street, received serious injuries yesterday when the automobile in which she was riding with a man whose identity has not yet been disclosed was struck by a Southern Pacific train in the 1600 block on North Spring street.

The train was traveling at a slow speed at the time. The woman is suffering from concussion, cuts and bruises, it was stated at the Los Angeles Hospital, where she was taken for treatment. She will recover. Her companion apparently died after the crash, and detectives are seeking him.

## STUDIO OPENING TO ATTRACT MUSICIANS

The elite of local musical circles is expected tonight when Serge Cukrinsky and Alexander Pavley, ballet masters, have the formal opening of their studio in West Fifth street, opposite the Los Angeles branch of the Los Angeles Grand Opera Association this season, and Pavley, associated with Mrs. B. D. Shepherd, Mrs. Robert London, Mrs. Roy James, Mrs. West Hughes, Mrs. Hester, Head Countess Curran, Mrs. Alexander Barrett and Mrs. Alton Barney.

## CLAREMONT YOUTH DROWNS IN RESERVOIR

### By a "Times" Staff Correspondent

CLAREMONT, June 27.—William Fremont, 18 years of age, was drowned in a reservoir on Myles avenue today when he sought to jump from the top of a building. He fell into the water and was drowned before aid could reach him. The pulmonary squad of the Pomona Fire Department was called to the scene in an effort to resuscitate him without success.

The body was taken to Todd & Berens's mortuary at Pomona.

## GIRL IN DEATH LEAP DECLARED ANGELENO

SAN FRANCISCO, June 27. (U.)—A woman found lying on the sidewalk in front of the Y.W.C.A. here early today and who died shortly afterward at the Emergency Hospital, was identified as Cleo B. Hawley, of Los Angeles. She was said to have borrowed \$5 from Y.W.C.A. officials Saturday night and was given a room on the third floor after saying she wished to rest. She was later found lying on the sidewalk after her death from her room window.

## ED BY COUNCIL

### Unhappily Keeping Up Fight Against Arroyo Seco Ante to New Body

own land, under the protection of the Declaration of Independence, Constitution of the United States, and Old Glory. Assistant City Attorney Whitehead said that revoking the permit did not mean anything, one way or another, but the Council revoked it, anyway, and then Hawley had one good speech.

Preparing for the next Council's war against Mr. Hawley, Assistant City Attorney Whitehead had a special car, armed and equipped with Councilmen who will be in the next Council to decide just how new kind of a fourteen-inch legal shells are to be shot at Mr. Hawley during the next two years. The members of the committee are: Councilmen Jarvis, Smith and Sanborn. The suggestion was made that the decks might be cleared and as a starter the courts asked for injunction to oust Hawley and his rock crushers from the arroyo.

## URGENCE RECOVERING FROM SUICIDE TRIAL

Dr. Charles R. Tillotson, retired army surgeon and local physician, who attempted suicide by shooting himself in the head with a revolver at his home, 621 South Mansfield avenue, Sunday, was reported to be recovering from the effects of the operation.
